Memory is a strength,  
and memory is a light  
memory is an encouragement,  
and memory is a might.  

Memory gives the life movement,  
and memory gives life quality  
Memory gives shape to will power  
and memory produce homogeneity  

Memory is an experience of Past  
and memory is a future light  
Memory is a mental richness,  
and memory makes the planning right"  

"Memory silently comes, lives, pleases like a wife,  
Wordly things come and go but memory is with life".  

In the memory of my beloved:  

Smt. Shyam Kunwar Shekhawat
