The research work, entitled "Performance of Commercial Banks in Assam during The Post-Reform Period - An Analytical Study" is an analytical study of various aspects (including growth, performance and problem) of commercial banks functioning in Assam during the post-reform period with special reference to India in some cases. While conducting my research work, I have received help and cooperation from a large number of persons to whom I am ever grateful.

First of all, I wish to express my deep sense of gratitude to my research supervisor and guide, Dr. Kandarpa Kumar Barman (Prof. and Research Guide, Deptt. of Economics, G.U.) for his valuable suggestions and guidance, without whose cooperation I would not have been able to bring out this Thesis. I am always inspired by his encouragement to continue the research work, even though I have faced several problems and difficulties during the course of my research work.

I also received help from the officers and staff of the RBI (Panbazar, Guwahati), IIBM (Khanapara, Guwahati), SBI (Head office, Guwahati), UCO Bank (Regional office, Guwahati), K.K. Handique Library (Jalukbari, Guwahati), Directorate of Economics & Statistics (Beltola, Guwahati) during the course of my data collection, I express my thanks and indebtedness to these officers and staffs for their immense cooperation and help.

I also express my gratitude and indebtedness to Mr. A. Talukdar (publication and library section, RBI), Mrs. A. Hazarika (Librarian, IIBM), Mr. N.R.I. Laskar (Chief Manager, Public Relation and Community Services, SBI), A. Tribedi (Language officer, UCO Bank) who helped me in collecting essential materials for the study.

I am also thankful to my well wishers who have helped me in many ways in undertaking my research work.

I am also thankful to my parents and elder brother and sister for their constant encouragement in completing the work within the stipulated time.

Finally, I would like to express my thanks to A. Goswami (L.N.B. Computer Graphics, Dhubri) for his sustained efforts in bringing out the Ph.D. thesis.
