ACKNOWLEDGEMENTS

With deepest sense of gratitude, I acknowledge the guidance, help and encouragement I received from my guide Dr. (Mrs) Parukutty Baruah, M.Sc (B.H.U), M.A., Ph.D (Cantab), F.L.S. (London), F.N.A.Sc., who, being a true teacher, not only teaches me but inspired me to take further steps to widen the vista of my scientific knowledge.

I am grateful to Mr. Bhabesh Goswami, Lecturer, Department of Chemistry, Gauhati University and Dr. U.C.Goswami, Lecturer, Department of Zoology, Gauhati University for their kind help.

My thanks are due to The North Eastern Council for financial grant under the project "Studies of possibilities of Economic Utilisation of Water hyacinth in the North Eastern Region".
