ACKNOWLEDGEMENT

At the very outset, the investigator would like to express her deep sense of gratitude to Dr Aparajita Borkotoki, her guide, who is a Professor, Deptt. Of Zoology, Gauhati University for the constant guidance and valuable suggestions throughout the course of investigation.

The investigator also likes to offer her sincere gratitude to Prof. R.K.Bhola (H.O.D., Zoology Deptt, of Gauhati University) and Prof. D.K.Sharma (Ex. H.O.D., Zoology Deptt, of Gauhati University) for providing all the necessary facilities during the research work.

The investigator offers her deep sense of respect to Prof. Amalesh Dutta (Ex.H.O.D, Deptt of Zoology, Guahati University) for his kind suggestions and cheerful co-operation throughout the study.

The investigator is highly obliged to Dr M. Bhattacharya, (Director of Yak Research Centre,Dirang), Dr M Sarkar (Senior scientist of Yak Research Centre,Dirang), Panna (Lab Technocian), Sanjeev, Manajit (Research scholar of Yak research centre, Dirang, Arunachal for their invaluable suggestions and encouragement at critical hours and to provide the sophisticated laboratory facilities of their institutions.

The kind co-operation of Mr. Deepak Baruah (laboratory technician), IITG is always worth to be mentioned. The author is also thankful to Dr P.K.Baruah (Assistant Professor of haematology, Guwahati Medical college), Mr P.Borah (Lab technician in anatomy, Guwahati Medical
College) for their necessary suggestions and helping hand in the histological preparation. Author also records her sincere gratitude to Ashima (Lab. Tech. of Sankar Dev Netralaya) for the suggestions in the study.

The author is also grateful to Dr Bijan Dutta, H.O.D, Anatomy Deptt, Silchar Medical College and Dr Dipankar Dutta, Consultant, Ocular pathology and Uveitis service, Sankar Dev Netralaya, Guwahati for their help and co-operation in the preparation of the histology slides.

The author is also grateful to Dr. S. Dey (Scientific officer of N.E.H.U in the department of SAIF) and Jos, Anjali and Nori (Scientific assistant of SAIF) for Electron Microscopy.

The inspiration and good wishes of all the faculty members of the Zoology Deptt, of Gauhati University and the faculty members of Guwahati College, Bamunimaidan are always inspiring during the study.

The author is truly grateful to Dr Jayanta Deka, Dr Susanta Bhuyan of the department of Zoology, Gauhati University and Mr Jayanta Sharma, Librarian of Zoology Department (Gauhati University) for their constant moral support and inspiration.

The collection of data would not have been possible without the kind co-operation extended by the friends of the investigator. Special thanks are also due for all the friends.
The investigator records her sincere appreciation to Mr Mukut Baruah for helping hand in the drafting of this report.

The investigator offers her deep sense of appreciation to the fisherman and others, who have offered their hands of co-operation in completing this thesis.

The investigator is also thankful to the authors listed in the references.

The investigator acknowledge considerable debt to her sisters for their necessary co-operation through out the work and the family members are also worthy to be thanked for their love, understanding and active support during the course of study.

Last but not the least the investigator is very much indebted to her husband Pallav Baruah, whose co-operation and inspiration have led to finish this report. This report would not have been completed had not my son Jhuman and little daughter Jhirmi permit me to carryout the work without much disturbance.

Ms Pori Devi
