List of Graphs

3.1 Graphical representation of mortality rate.
5.1 Comparison for haemoglobin percentage in normal, control and treated group of fishes.
5.2 Comparison for RBC in normal, control and treated group of fishes.
5.3 Comparison for WBC in normal, control and treated group of fishes.
5.4 Differential Counts of WBC (%)
6.1 Comparison for Serum glucose in normal, control and treated group of fishes.
6.2 Comparison for Tissue Glycogen in normal, control and treated group of fishes.
6.3 Comparison for Muscle Glycogen in normal, control and treated group of fishes.
6.4 Comparison for Serum Protein in normal, control and treated group of fishes.
6.5 Comparison for Tissue protein in normal, control and treated group of fishes.
6.6 Comparison for Alkaline Phosphatase in normal, control and treated group of fishes.
6.7 Comparison for SGOT in normal, control and treated group of fishes.
6.8 Comparison for SGPT in normal, control and treated group of fishes.
