

ACKNOWLEDGEMENT

I express my deep sense of gratitude to Dr. (Prof.) S. Rahman, former-Professor, Gauhati University and Nagaland University and Dr. (Prof.) P.K.Chowdhary, Professor Gauhati University, who bestowed me with their guidance during the course of my research work. I am beholden to Dr. S. Rahaman for his constant guidance, initiative, support and supervision both in the field and in the laboratory. I am indebted to Dr. F.K. Chowdhury for the pointers he cast all along the work, refining ambiguous notions to crystal-clear views and for his unstinted support and encouragement whenever the going went rough.

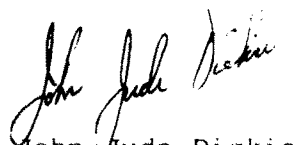

I am thankful to Dr.P.K. Das for providing me the necessary laboratory facilities , Dr. D. N. Das for helping me with the computer work, Mr J. Laskar for the photomicrographs and Dr. C.C. Bhattacharjee for his valuable suggestions.

My sincere thanks also goes to the staff of USIC, Gauhati University for XRF and XRD analysis.

I appreciate immensely the wholehearted support I recieved from my friend Mr. A. Lyngdoh, Lab Asst., St. Anthony's College, especially during the field-work.

I am obliged to UGC for granting me a financial aid during a part of the research work, without which this work would have never been completed.

Finally , I thank J. Baruah for for preparing the maps and Bibhash and Anjela for typing the manuscript.
