ACKNOWLEDGEMENT

The present piece of research work was carried out under the joint supervision of Dr. I.M. Hazarika, Professor, Department of Geological Sciences, Gauhati University and Dr. S.K. Dutta, Professor, Applied Geology Department, Dibrugarh University. I wish to express my deep sense of gratitude to them for their constant guidance, advice, help and critical review of the manuscript.

I am grateful to the Education Department, Govt. of Nagaland for their kind permission to carry out this study and also the Principal, Science College, Kohima for the same. I am also grateful to the authorities of Gauhati University for allowing me to carry out the present work.

My deep sense of gratitude goes to Dr. S. Rahman, Professor and Head and Dr. M.N. Rao, Professor and former Head, Department of Geological Sciences, Gauhati University for their kind permission to carry out the research work in the laboratory of the department and also for providing the necessary facilities for the same.

I am specially indebted to the authorities of the Wadia Institute of Himalayan Geology, Dehra Dun for their help in doing the chemical analysis. My sincere thanks are also due to all the concerned members of the teaching faculty of the Department of Geological Sciences, Gauhati University and Applied Geology Department, Dibrugarh University for their time to time valuable advice and help during the course of this study. Specially I wish to offer my sincere thanks to Dr. A. Patgiri, Lecturer, Department of Geological Sciences, Gauhati University for his valuable advice, encouragement and help rendered to me during this work. My sincere thanks are also due to Dr. R.N. Sarmah, Reader, Post Graduate...
Department of Geology, N.E.H.U., Nagaland Campus, Kohima and to my colleague Sri G.T. Thong, Lecturer, Department of Geology, Science College, Kohima for their encouragement and help in this work. I wish to express my sincere thanks to Shri Jayanata Laskar, M.Sc. (Geology), who has made necessary arrangement to complete the typing of the manuscript in a short time and providing me other necessary help in the work. I am specially indebted to my wife (Rina) for her encouragement for my research work and also for the trouble she took in completing the whole work.

I wish to express my sincere thanks to Shri Dipak Kalita for his secretarial assistance and to Sri R. Kalita for helping me in Cartographical work.
