ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Dr. Md. Maswood, Professor of Geology, Department of Geological Sciences, Gauhati University for suggesting the problem and for his constant encouragement and valuable guidance throughout the progress of the work.

I am grateful to Professor Dr. P.K. Chowdhary, Head, Department of Geological Sciences, Gauhati University and Professor Dr. S. Rahman, former Head, Department of Geological Sciences, Gauhati University for providing me with the necessary facilities in the department and also for their valuable suggestions.

I am indebted to Professor Dr. D.N.D. Goswami, Professor Dr. C.C. Bhattacharjee and Dr. L.K. Hazarika, Department of Geological Sciences, Gauhati University, for their valuable suggestions during the progress of the work. I am thankful to Professor Dr. M.N. Rao for the kind help extended by him.

I express my sincere gratitude to the Director, Road Research Laboratory, Ambari, Guwahati for permitting me to carry out the "material testing" in the laboratory. The help extended by Mr. D. Saha, and the other employees is gratefully acknowledged.

I am grateful to Professor Dr. I.M. Hazarika, Department of Geological Sciences, Gauhati University and Mr. J.J. Laskar, M.Sc., Research Scholar for the help extended in taking the microphotographs in the department.
I offer a word of thanks to my husband, Mr. Suresh Ch. Sarma, M.Sc., for the support and help given by him throughout the research work.

Appreciation and thanks are extended to Mr. K. Kalita, Department of Geological Sciences, Gauhati University for typing the manuscripts and Mr. B. Sarma, Assam Remote Sensing Application Centre, Guwahati, for drafting the figures.

Finally, I am highly thankful to the U.G.C., Delhi for awarding me the Teachers' Fellowship under the F.I.P. for one year at the time of completion of the work.

Dated /6. 9 1993

Ms. Hemangi Doka
Lecturer, Department of Geology
Cotton College, Guwahati-1
