ACKNOWLEDGEMENTS

I am very much delighted to have this opportunity to express my heartful gratitude to my research supervisor, Dr. K. Mohana Raju, M.Sc., Ph.D., Lecturer in Polymer Science, Sri Krishnadevaraya University, Anantapur, without whose encouragement and involvement this work could not have been accomplished.

The author expresses his thanks to Dr. A. Varada Rajulu, M.Sc., Ph.D., Reader & Head of the Department of Polymer Science, SK University for his kind encouragement throughout the course of the work.

My sincere thanks are due to Dr. A. Kameswara Rao, M.Sc., Ph.D., Reader & Head of the Department of Chemistry, SK University, for his kind encouragement and valuable suggestions throughout the course of the work.

I am also grateful to all Lecturers and Staff in the Department of Polymer Science, SK University who had extended their co-operation in fulfilment of this work.

I am also highly thankful to Dr. T. Sreenivasulu Reddy, M.Sc., Ph.D., Reader in Chemistry and Dr. V. Krishna Reddy, M.Sc., Ph.D., Lecturer in Chemistry, SK University, Anantapur. I am also thankful to Dr. A. Venkatarami Reddy, M.Sc., Ph.D., and Dr. (Mrs) G. Sailaja, M.Sc., Ph.D., for their kind encouragement and valuable suggestions throughout the course of the work.
I am very glad to express my heartfelt gratitude to Sri Kalyan Sen, Chairman, M/s. Inter Polymers Limited, Hyderabad for sanctioning study leave.

I wish to express my heartful thanks to my beloved parents and to all my affectionate family members for their encouragement for higher studies since my childhood.

The author expresses his gratitude to the authorities of Sri Krishnadevaraya University, Anantapur for providing necessary facilities for his research work.

I am also thankful to Sri V. Sahadevan for typing this material neatly.

KOVVURU RANGA REDDY.
