"Guru devo bhava", the satisfaction and euphoria that accompanies the successful completion of any task would be incomplete without the mentioning of the people who made it possible. I look back and remember the sacrifices made by my Parents and Gurus to mould me into the person I am today. I place my gratitude to my Parents and Gurus all those who have always encouraged me to pursue my interest, who had led me onto the right path. I am forever indebted to all the love and affection they have bestowed upon me. Many are responsible for the knowledge and experience I have gained during my thesis.

There has always been a conflict as who comes first, Parents or Gurus. I avail this opportunity to express my profound sense of sincere and deep gratitude to my guide Prof. L. Venugopal Reddy for his constant support and expert suggestions during my entire thesis work. Without his guidance and motivation and follow up I would not have been able to complete the research work in the required time frame.

I would also like to place on record my heartiest thanks to Mr. Diwakar Reddy, Mr. Surya Prakash (IIM-B), Prof. Sri Ram (IIM-B) and all the lessors and lessees for their help and support in collection of data.

The longest journey starts with the first step. I would not forget the people who motivated me to go for the first step. It is none other than my Guide and mentor Prof. L. Venugopal Reddy, and my colleagues.

No work is complete without the blessings of God. God may not directly help, but he will send help though someone. It is a pleasure to express my gratitude to my friend Sai devotee, Mr. Kesava Rao without whom it would not be come to a reality.

Many times small things make big difference. I take this opportunity to thank all those people who helped me during completion of thesis work, my colleagues, especially to Ms. Sahana, Ms. Pratibha and my friends Mr. Hanumantu, Mr. Vishal and Mr. Hussain.
While doing the research work we encounter many problems in data collection, particularly in data analysis. In this context I express my heartiest thanks to Mr. Pradeep Kumar and Prof. Rao (IIM -B), were instrumental in successful completion of data analysis.

Special thanks, to Mr. Anand (Aartha Financial Consultants), who helped me a lot in the pilot study and in improving my questionnaire. I express my thanks to my friend Mr. Madhu who is instrumental in finding the right person as guide.

I take this opportunity to express my thanks to Sri. Narasa Raju, the Chairman of The Oxford Institutions who inspired me a lot in successful completion of work in time.

Communication can be considered as blood for the organisation. Doing research is important and presenting it is more important. I would like to place my heartiest thanks to Ms.Pushpa Latha, The Oxford College Of Engineering, who took lot of efforts for improving the presentation of thesis.

Last but not the lease, I shall thank the people who put lot of efforts in typing the thesis with minimum mistakes, Ms. Been Pradeep Nair, and Mr. Santhosh.

All the above activities could not be completed without successful cooperation from my family members. I thank Ms.Sirisha Rani and Mr. Rama Mohan and Mr. Bharat for their cooperation in successful completion of my thesis work.

I strongly believe that the Lord Saibaba motivated all of the above, who cooperated for completion of my work. I dedicate this work to Lord Saibaba and my Parents.
