Acknowledgements

I am sincerely grateful to:

My guide and mentor, Dr. P.S Rajini, Senior Principal Scientist, Department of Food Protectants and Infestation Control, CSIR-CFTRI, Mysore for her invaluable guidance, support and help during my research. Her involvement, enthusiasm, keen interest and constructive criticisms have been a source of constant encouragement throughout my research at CFTRI.

Council of Scientific and Industrial Research (CSIR), New Delhi, India, for the award of Senior Research Fellowship.

Prof. Ram Rajasekharan, Director, CSIR-CFTRI, Mysore, for giving me the opportunity to work for my Ph.D programme at CFTRI.

Dr. K. Ramaswamy, Head, FPIC for facilitating to carry out my research work successfully at the department.

Dr. Muralidhara, Chief Scientist, B&N for his constant support, encouragement and valuable suggestions during my research work.

Dr. AG. Appu Rao, former Head, PCT, Dr. TC. Sindhu Kanya, Principal Scientist, PCT and Dr. Shylaja M Dharmesh, Principal Scientist, B&N for their support, encouragement and suggestions during my project assistantship at Protein Chemistry and Technology Department, CSIR-CFTRI.

The staff of Central Instrumentation Facility & Service for their help extended for instrumental analysis. - Mr. Anbalagan for the technical assistance in Scanning Electron Microscopy.

The Scientists, friends and supporting staff of FPIC who have directly or indirectly helped me in my research work.

Staff of FOSTIS, Computer Center, Animal house and Stores and Purchase Section for all their help.

The Controller of Administration and the staff in administration for their help rendered to me throughout my tenure at CFTRI.

M/s Hyderabad Chemical Supplies Ltd., Hyderabad, India for generous gift of pesticides used in these studies.
Dr. Sreenivas N, Associate Professor at Mysore Medical College and Research Institute, Mysore, India for his help in interpreting the pathology of intestine.

Staff of Research & Development and Finance Section, University of Mysore, Mysore, for their help.

My labmates: Apurva Kumar R. Joshi- for his valuable suggestions during my experiments, Raju, Chinnu Salim, Shaheen Jafri Ali, Shashikumar, Leelaja, Nemath and Rashmi for their support and cooperation.

My senior friends Dr. KN Chandrashekar, Dr. BM Srikanta, Dr. BM Thyagaraju and Dr. AH Sneha Rani for their valuable suggestions and support during my research.

My friends Sindhu, Rekha, Sneha, Archana, Anjum, Rashmi, Chitra, Sindhuja, Kavitha, Kushal, Vishwanath, Santhosh, Girish, Lalith, Manjunath, Denny, Gokul, Sathya, Ranjini and Greeshma for their direct and indirect support in times of need.

My parents-in-law for their love, support and blessings; my husband, Bipin for his strong support and encouragement; Hema and Nadhi for their care and affection; all family friends, well wishers and relatives for their support and wishes.

Most importantly, my parents for their undying love, care, support, affection and everything else that cannot be described in just words.....

Vismaya
