Acknowledgement

I would like to pay my sincere gratitude to Dr. J H Khan, Professor and Head, Department of English, Sardar Patel University, for this opportunity of working on a doctoral research under him and his support at every step of this endeavor. His patience and support during the whole research process and his insistence on originality and hard work has made this research more focused and critical. It would not be an exaggeration at all if I say that he was more of a guide than a supervisor. I am very thankful to him.

I would also like to thank my institute, L D College of Engineering, Ahmedabad and all my colleagues for their support. I thank Commisionerate of Technical Education, Gandhinagar, for granting me the permission to pursue PhD, without which this would not have been possible.

I take this opportunity to thank the Department of English, Sardar Patel Univesity and the Department of English, M S University of Baroda, who provided me with the foundation required in preparation for this research for PhD degree. Finally, I would like to thank my family and friends for being a constant support and strength.
