ACKNOWLEDGEMENT

I wish to express my deep sense of gratitude and sincere thanks to my guide, Dr. M. Shahul Hameed, Professor, Department of Industrial Fisheries, Cochin University of Science and Technology for his inspiring guidance, unfailing encouragement and constant support throughout the course of my research work.

I acknowledge my sincere thanks to Dr. C.T. Samuel, Professor and Head of the Department of Industrial Fisheries for providing me the necessary facilities to carry out this work.

I am thankful to Dr. N.R. Menon, Professor and Head of the Division of Marine Biology, Microbiology and Biochemistry, School of Marine Sciences for his valuable suggestions, encouragement and for extending the laboratory facilities.

I am greatly indebted to Dr. V. Ramaiyan, Reader, CAS in Marine Biology, Annamalai University for his generous help and for critically scrutinising the manuscript of the thesis.

My thanks are due to Dr. B. Madhusoodhana Kurup, Assistant Professor, Fisheries College, Kerala Agricultural University for the helps rendered to me during the initial period of my work. I am much grateful to Dr. K.S. Scaria and Shri. M. Srinath, Scientists, CMFRI, Cochin for statistically analysing and computing the data.
I thank Dr. M.V. Mohan, Assistant Professor, Fisheries College, Kerala Agricultural University and Shri. M. Mukundan, Scientist, CIFT, Cochin for the assistance offered during the preparation of the thesis.

The support extended by Dr. N.K. Sasidharan Pillai, Fish Culture Officer, Kerala State Fisheries Department and Shri. Shaju Thomas, Lecturer, Nirmala College, Muvattupuzha throughout my work are wholeheartedly appreciated.

Dr. (Mrs.) Ranu Gupta, Research Associate, DDD, Dr. C.K. Radhakrishnan, Lecturer, School of Marine Sciences, Shri. P.U. Zacharia, Scientist, CMFRI, Mangalore and Shri. K.P. Adamkutty, Fishery Officer, Matsyafed, Kerala deserve special mention and sincere thanks for their co-operation throughout the period of this study.

I am thankful to all my colleagues, staff and research scholars of School of Marine Sciences, Department of Industrial Fisheries and School of Environmental Studies who directly or indirectly involved themselves with my work.

My thanks are also due to authorities of the Cochin University of Science and Technology for awarding a fellowship during the period of my full-time research.

I wish to record my appreciation to Major. T.V. Gopalakrishnan, Reader, Annamalai University and family for their encouragement over the years of my study.
Above all, my sincere gratitude goes, without saying, to my parents, husband and family members for their moral support and co-operation throughout my study.
