
ACKNOWLEDGEMENTS

This study was carried out at the Department of Zoology, University of Kalyani, Nadia, West Bengal, India.

With immense pleasure and deep sense of gratitude, I express my sincere thanks to my mentor, Dr. Chanchal Kumar Manna, Professor in Zoology, University of Kalyani for introducing me to the problem of ecological aspects in wetland and suggesting the problem, providing guidance with constant help, personal care and continuous encouragement throughout my study period for completion of the study.

I am also grateful to all the teachers of this Department to whom I am taught Zoology. I am also grateful to the non-teaching staffs of the Department of Zoology, University of Kalyani, who helped me for the completion of this study.

I want to convey my thanks to Dr. Debiprasad Chattopadhyay, Department of Zoology, University of Kalyani and Dr. B. Mondal, Pro vice-Chancellor BCKVV, West Bengal, for their kind help regarding soil analysis.

I want to convey my warmest thanks to Dr. Subhadip Gupta, Lecturer in Geography in PCMM, Bonhoogly, Kolkata, Dr. Kunal Chattopadhyay, Indian Statistical Institute, Kolkata, Dr. Nitai Kundu, IWMED, Calcutta, Dr. Anirban Roy, West Bengal Biodiversity Board, Kolkata, Dr. Paulami Maiti, Lady Brabourne College, Kolkata and Prof. Samir Banerjee, Aquaculture Research Unit, Department of Zoology, University of Calcutta for

their support of accessing and analyzing satellite pictures, preparation of questioner for field visit, and identification of flora and fauna during my field visit. I also thank to Prakriti Samsad, Kolkata for identification of Birds.

I want to thanks the Library staff of the Department of Zoology, Central Library of University of Kalyani, Library of Pollution Control Board, Kolkata, Library of West Bengal Biodiversity Board, Kolkata and Library of Calcutta Research Group, Kolkata for offering me the library facilities.

I am grateful to Professor Ranabir Samaddar, Director of CRG, Professor Sabyasachi Basu Ray Chaudhury, Vice Chancellor of Rabindra Bharati University, Professor Samir Kumar Das, Vice Chancellor of North Bengal University, Professor Samita Manna, Vice Chancellor of Sidhu Kanu Birsha University, Dr. Paula Banerjee, Department of South and South East Asian Studies, University of Calcutta, Dr. Anasua Basu Ray Chaudhury, CRG, Dr. Atig Ghosh, CRG for their great support throughout my research period.

I am grateful to the Head of the Department of Zoology, Dr. Ashish Kr. Panigrahi, University of Kalyani for permitting me to do this study from the Department.

I owe my warmest thanks to Dr. Kasturi Basu, Dr. Sangeeta Samaddar, Mr. Dibyendu Dutta, Mr. Maharaj Biswas, Dr. Paromita Basu, Miss. Piyasi Bhattacharjee, Dr. Nithar Ranjan Madhu, Dr. Madan Das, Mr. Alok Pramanik, Mrs. Mirnda Paul, Mr. Subrata Pal, Miss. Pallavi Saha, Miss. Arpita Banerjee, Dr. Asmita Samaddar, who always came out with their helping hands in many respects during my research period.

I sincerely thanks to the University of Kalyani, West Bengal, India for permitting me to carry out my study.

I thanks to Department of Fishery, Government of West Bengal and express my gratitude to Mr. Monoranjan Das, Mr. Amal Pradhan, Mr. Uttam kumar Kar, Mr.

Shambhunath Bose and Mr. Uttam Paria of Nalban and Goltala Fishery for providing motorbike for collection of water sample and Soil samples of different study area in the East Kolkata Wetland.

I convey my deepest sense of gratitude to my parents, wife and my sweetest daughter, Swarnika. Without their constant encouragement and help my research studies would not be completed.

I am thankful to all the research scholars of the Department of Zoology, for their continuous help.

Finally, I want to convey my thanks to the Individuals and Institutions not mentioned here but have helped and inspired me for the completion for this research work.
