ACKNOWLEDGEMENTS

At the outset, I would like to express my deep sense of gratitude and indebtedness to my guide Dr.K.L.Narahari Rao, Professor, Department of Geology, Bangalore University, Bangalore and co-guide Dr.J.Krishnamurthy, Deputy Director (US & U), EOS, ISRO Headquarters, Antariksh Bhavan, New BEL Road, Bangalore-560 231. I am immensely benefited by their valuable guidance and constant encouragement throughout the course of the study. Their profundity of knowledge, practical suggestions and constructive arguments has always drawn me closer to the subject.

I am highly indebted to Dr.N.Shadakshara Swamy, Professor and Chairman, Department of Geology, Bangalore University, Bangalore, for providing me the necessary facilities to carry out the study. Thanks are also due to former chairmen Prof.T.S.Suresh and Prof.T.J.Renukaprasad.

I express my sincere thanks to my teachers, Prof.B.C.Prabhakar, Prof.H.C.Vajrappa, Dr.S.Channabasappa, Dr.P.C.Nagesh and Dr.N.Malarkodi for their help in various stages in the completion of the work.

I express my profound gratitude to Dr.J.M.Neelakantarama, Geophysist, Geological Survey of India, Mangalore for his constant support and encouragement during the research work.

Special thanks are due to Prof.M.Jayananda, Department of Geology, Centre of Advanced Studies, University of Delhi, Delhi for providing the unpublished rock analysis data pertaining to the study area.
Special thanks are due to University Grants Commission (UGC) for giving the financial support under RFSMS scheme. Thanks are also due to Bangalore University for extending this facility.

Thanks are also due to the Director and staff of Karnataka State Remote Sensing Service Centre for providing me an opportunity to use the satellite imagery pertaining to the area.

Grateful acknowledgement is made to the following Directors/Deputy directors and the staff of the following Central and State Government offices for their co-operation in making the valuable basic data available: Indian Meteorological Department, Bureau of Economics and Statistics, Department of Mines and Geology and Central Groundwater Board.

Thanks are due to Department of Mines and Geology and Dr. Mohammad Basha, Professor, Department of Zoology, Bangalore University, Bangalore for extending the chemical laboratory facility for certain chemical analysis. My grateful thanks to Aswathnarayana, Agricultural Officer, Madhugiri for his help in soil analysis.

I also express my gratitude to Prof. Nanjundan, Department of Statistics, Bangalore University, Bangalore for his support, encouragement and discussions during the course work.
