ACKNOWLEDGEMENTS

This study was carried out at the Department of Zoology, University of Kalyani, Nadia, West Bengal, India.

I express my deepest sense of gratitude to my mentor, Dr. Chanchal Kumar Manna, Professor in Zoology, University of Kalyani, for introducing me to the problem of ecological aspects of wetland and suggesting the problem, providing guidance with constant help, personal care and continuous encouragement throughout my study period.

I am also grateful to all the teachers of this Department to whom I am taught Zoology. I am also grateful to the non-teaching staff members of the Department of Zoology, University of Kalyani, who helped me a lot for completion of this study.

I want to convey my thanks to Dr. Debiprasad Chattopadhyay, Department of Zoology, University of Kalyani and Dr. B. Mondal, Pro Vice-Chancellor, BCKV, West Bengal, for their kind help regarding soil analysis.

I want to convey my warmest thanks to Dr. Nitai Kundu, IWMED, Calcutta and Dr. Anirban Roy, West Bengal Biodiversity Board, Kolkata, for their support of accessing and analyzing satellite pictures and identification of flora and fauna during my field visit. I also thank to Prakriti Samsad, Kolkata for identification of birds.

I want to thank the Library staff of the Department of Zoology, Central Library of University of Kalyani, Library of Pollution Control Board, Kolkata, Library of West Bengal
Biodiversity Board, Kolkata and Library of Calcutta Research Group, Kolkata for offering me the library facilities.

I am grateful to Professor Samita Manna, Vice Chancellor of Sidhu Kanu Birsha University, for her great support throughout my research period.

I am grateful to our Head of the Department of Zoology, Dr. Ashish Kr. Panigrahi, University of Kalyani for permitting me to do this study from the Department.

I owe my warmest thanks to Dr. Kasturi Basu, Dr. Sangeeta Sammadar, Mr. Dibyendu Dutta, Mr. Maharaj Biswas, Dr. Paromita Basu, Miss. Piyasi Bhattacherjee, Dr. Nithar Ranjan Madhu, Dr. Madan Das, Mr. Alok Pramanik, Mrs. Miranda Paul, Mr. Subrata Pal, Miss. Arpita Banerjee, Miss. Pallavi Saha and Dr. Asmita Samaddar who always came out with their helping hands in many aspects during my research period.

I express my special thanks to Dr. Ashish Patra for the completion of my work.

I sincerely thank to the University of Kalyani, West Bengal, India for permitting me to carry out my study.

I thank to the Department of Fishery, Government of West Bengal and express my gratitude to Mr. Monoranjan Das, Mr. Amal Pradhan, Mr. Uttamkumar Kar, Mr. Shambhunath Bose and Mr. Uttam Paria of Nalban and Goltala Fishery for collection of water sample and Soil samples of different study area in East Kolkata Wetland.

I convey my deepest sense of gratitude to my parents, without their constant encouragement and blessing it would have been impossible to complete this research work.
I am grateful to my husband Samraesh Guchhait and my daughter Swarnika Guchhait for their constant support, co-operation, warm understanding and constant inspiration it would have been impossible to complete this work.

I am grateful to my brother Sudipta Kundu, sister - in - law Arpita Kundu and their daughter Baishali Kundu for their continuous encouragement.

I am grateful to my sister Suparna Karmakar, brother - in - law Ratan Karmakar and their son Ratnadeep Karmakar for their continuous encouragement.

I convey my deepest sense of gratitude to Tusher Mukherjee for his love, blessings and continuous encouragement.

I convey my gratitude to my mother – in – law and father – in – law for their support during my study period.

I am grateful to my students Piyali Ganguli and Regina Ganguli for their continuous help and encouragement.

I am thankful to all the research scholars of the Department of Zoology, for their continuous help.

Finally, I want to convey my thanks to the Individuals and Institutions not mentioned here but have helped and inspired me for completion for this research work.

Kolkata
