ACKNOWLEDGEMENT

This work was carried out under the guidance and supervision of Dr. R.N. Pillai, Professor and Head of the Department of Statistics, University of Kerala. I am greatly indebted to him for his constant encouragement, help and invaluable guidance without which, the study would not have been completed. For suggesting the problem and according me all facilities, words are very few to express the depth of my gratitude towards him.

I am grateful to Sri. K. Kalyanaraman, Reader, Department of Statistics, University of Kerala for his encouragement and help throughout the work.

I am thankful to all the staff of the Department of Statistics, University of Kerala for their encouragement and co-operation.

The Principal, Bishop Moore College, Mavelikara had been kind enough to grant me leave for completing this work. I record my heartfelt thanks towards him.

My colleagues and friends were of immense help at various stages of this work. To mention a few, Sri. K. C. Premachandran, University Computer Centre and Sri. K. Mohandas, University System and Instrumentation Centre, University of Kerala helped in executing the computations. The typing of the thesis was done at M/s. Thribhuvana Printing Works. My thanks are due to them also.
