Acknowledgements

First of all I thank god for guarding and guiding me all the times and giving me power, strength and patience to complete this dissertation.

I am deeply indebted to Dr. P.BALA KRISHNA PRASAD for suggesting the problem, for his inspiring guidance and encouragement throughout the progress of this work, without whose help, this work could not have taken this shape. I am also grateful for sharing his passion for research with me and being such a great advisor for both academic matters and moral support. I was very fortunate to have Dr. P.BALA KRISHNA PRASAD as research director.

I would like to thank Prof. Dr. I. RAMESH BABU for leading me to the world of computer science. I am grateful for his moral support and continuous encouragement throughout my academic career.

I would like to express my sincere and heartfelt thanks to Sri. Vanama Rama Krishna Rao, Sri.S.Lakshmana Rao, Dr. S. R. C. Murthy and Dr. G. Murali for their constant help during the progress of this work. There are many colleagues and collaborators whose influence has helped me to form the research ideas in this dissertation and to them I am deeply grateful.

I would like to express my sincere thanks to my colleague friends Sri. J A V Ravindra Babu, Mr. D. Ravi Kiran, Mr. G. Srinivasa Rao and Sri P.S.S. Chakravarthy for extending their cooperation during the course of this work.

I would like to thank my parents Sri. G .PEDDA DASAIAH, Smt G. MANGAMMA for giving birth, raising and educating me and of course for everything. Also I would like to express my gratitude to my sisters and my wife for their moral support.
