Acknowledgement

It gives me immense pleasure to thank many people who made this thesis possible. First of all, I express my deep sense of gratitude to my supervisor, Professor (Dr.) Upendra Mishra, Department of Mathematics, Amity School of Engineering & Technology, Amity University Rajasthan for his thought, providing guidance, keen enthusiasm, and great efforts to explain things clearly and simply. Throughout my research period, he provided sound advice and lots of good ideas.

I want to thank my beloved mother Mrs. Savitri Purohit, sister Dr. Namita Pareek, brother-in-law Dr. Kapil Pareek, brother Atul and sister-in-law Ritika for loving me, encouraging me, and supporting me unconditionally during the research work.

I would fail in my duties if I do not express my gratitude to my father Mr. K.K.Purohit for his constructive substance thoughts to carry out this research work.
