

LIST OF TABLES, FIGURES AND BOXES

TABLE NO	DESCRIPTION OF TABLE	PAGE NO
5.1	Comparison of Major Functional Parameters by Location	59
5.2	Programme Planning and Management by Location	61
5.3	Cold Chain Management by Location	62
5.4	Injection Safety & Waste Disposal Management by Location	63
5.5	Expected no of beneficiaries turned out by Location	64
5.6	Expected Vaccine return from the field (>60 per cent) by Location	65
5.7	Stock Matching with stock registers by Location	66
5.8	Stocks Sufficiency of different Antigen & Logistics by Location	67
5.9	Performance Grading of the Sessions by Location	70
5.10	Cold Chain Management at Sessions by Location	72
5.11	Injection Safety & Waste Disposal at Sessions by Location	73
5.12	IEC & Social Mobilization at Sessions by Location	74
5.13	Vaccine Administration at Sessions by Location	74
5.14	Record Maintenance & Documentation by Location	75
6.1	Comparison Major Functional Parameters of Health Facilities Before and After SDS	80
6.2	Programme Planning and Management Before and After SDS	83
6.3	Cold Chain Management Before and After SDS	84
6.4	Injection Safety & Waste Disposal Management Before and After SDS	85
6.5	Expected no of beneficiaries turned out Before and After SDS	86
6.6	Expected Vaccine return from the field (>60 per cent) Before and After SDS	87
6.7	Stock Matching with stock register Before and After SDS	88

TABLE NO	DESCRIPTION OF TABLE	PAGE NO
6.8	Stocks Sufficiency of different Antigen & Logistics Before and After SDS	90
6.9	Performance Grading of the Sessions Before and After SDS	92
6.10	Cold Chain Management at Sessions Before and After SDS	94
6.11	Injection Safety & Waste Disposal at Sessions Before and After SDS	95
6.12	IEC & Social Mobilization at Sessions Before and After SDS	96
6.13	Vaccine Administration at Sessions Before and After SDS	97
6.14	Record Maintenance & Documentation Before and After SDS	98
6.15	Average HCs Performance Scores and Percentage Change Between the Rounds of Performance Evaluation	99
7.1	Comparison of Major Functional Parameters during the Impact and Sustainability Rounds	105
7.2	Programme Planning and Management during the Impact and Sustainability Rounds	107
7.3	Cold Chain Management during the Impact and Sustainability Rounds	109
7.4	Injection Safety & Waste Disposal Management during the Impact and Sustainability Rounds	110
7.5	Expected no of beneficiaries turned out during the Impact and Sustainability Rounds	111
7.6	Expected Vaccine return from the field (>60 per cent)during the Impact and Sustainability Rounds	112
7.7	Stock Matching with stock register during the Impact and Sustainability Rounds	113
7.8	Stocks Sufficiency of different Antigen & Logistics during the Impact and Sustainability Rounds	114
7.9	Performance Grading of the Sessions during the Impact and Sustainability Rounds	116
7.10	Cold Chain Management at Sessions during the Impact and Sustainability Rounds	118

TABLE NO	DESCRIPTION OF TABLE	PAGE NO
7.11	Injection Safety & Waste Disposal at Sessions during the Impact and Sustainability Rounds	119
7.12	IEC & Social Mobilization at Sessions during the Impact and Sustainability Rounds	120
7.13	Vaccine Administration at Sessions during the Impact and Sustainability Rounds	121
7.14	Record Maintenance & Documentation during the Impact and Sustainability Rounds	122
7.15	ANMs Response for Operational Difficulties	124
7.16	Supervisors' Perception on SDS Intervention	126
8.1	Background Characteristics of Selected Clusters	136
8.2	Facility/service availability by distance	139
8.3	Availability of Other Facilities with in the Cluster	140
8.4	Background Characteristics of Household	142
8.5	Age and sex distribution of surveyed population	143
8.6	Educational Status of surveyed population by age group	144
8.7	Marital Status of surveyed population by age and sex	145
8.8	Work Participation of surveyed population by Sex	146
8.9	Status of Immunization Coverage	147
8.10	Immunization Status against Background Characteristics	150
8.11	Vaccination Status of Various Antigens of the Children 12- 23 Months Age Group by Background Characteristics	151
8.12	Results of Binary Logistic Regression Keeping Full immunization as Dependent Variable	156
8.13	Antigen wise Reasons for Non Immunization among Children 12- 23 months	158
8.14	First Source of Knowledge on Immunization	159
8.15	Source of Service for Immunization	160
8.16	Comparison of Coverage levels of Immunization Surveyed by Different Agencies in Different Periods	162

FIG. NO	DESCRIPTION OF FIGURE	PAGE NO
1.1	Full Immunization Rates between the Poorest and Richest Population Quintiles (Regional Averages)	7
1.2	DPT 3 Coverage in India of various sources from 1980 to 2008	10
2.1	Monitoring Mechanism of Service Delivery Support	22
4.1	Conceptual Frame Work of Supportive Supervision	46
4.2	Sample Size for Pre & Post Intervention	48
4.3	Sample Size for Sustainable Round	49
4.4	Sample Size for Coverage Evaluation	50
5.1	Performance Grading of Health Facilities on Major Parameters	60
5.2	Stock Sufficiency in Health Facilities	68
5.3	Performance Grading of Immunization Sessions	71
6.1	Parameter wise Percentage of Health Facilities Before and After SDS	81
6.2	Immunization Sessions Status Before and After SDS	93
7.1	Parameter wise Good Category health facilities during the Impact and Sustainability Rounds	106
7.2	Parameter wise Good Category Immunization Sessions during the Impact and Sustainability Rounds	117
8.1	Status of Immunization among 12-23 months age group	148
8.2	Community Perception on Immunization Programme	161

BOX NO	DESCRIPTION OF BOX	PAGE NO
1.1	How Vaccines Protect People	3
1.2	How vaccines work	4
1.3	Commonly used vaccines	5
1.4	Types of vaccines	14
8.1	Mythical association of river Godavari	134
