ACKNOWLEDGEMENTS

First and foremost, I acknowledge the kind help of the gracious LORD JESUS CHRIST all through my life.

I find no words to express my deep sense of gratitude to Dr. A. GOVARDHAN, Professor in CSE, Jawaharlal Nehru Technological University Hyderabad (JNTUH) for providing me a golden opportunity to do this exciting work in the field of Text Mining and I am deeply indebted to him for his constant motivation, inestimable support, unstinted encouragement and invaluable guidance throughout the course of my research. In fact, my gratitude to Dr.A.Govardhan goes beyond the pages of this thesis.

I take this opportunity to express my gratitude to Dr. K. Gangadhara Rao, Head of the Department of Computer Science and Engineering, Acharya Nagarjuna University, for his encouragement and advice. Prof.I.Ramesh Babu, BOS Chirman of CSE Dept for his valuable Support of my work. I also thank the other faculty members of the Department of Acharya Nagarjuna University for their blessings and best wishes.

I profusely thank Prof.A.V.Dattathreya Rao, Principal, University College of Science, and Prof.P.N.Rao, Coordinator of Research Cell, Acharya Nagarjuna University for permitting me to carry out my research work in the University.
I’m extremely thankful to the Management, Principal and faculty of Computer Science & Engineering Department, Holy Mary Institute of Technology and Science, Bogaram(V), Keesara(M), Ranga Reddy(Dist), for all the help that they have extended to me.

I also thank the anonymous reviewers of my papers published.

My heart-felt thanks are due to my brother, G. John Victor, Branch Manager, LIC of India; my friends, Dr. P. Satish, Associate Professor, Dept. of CSE, MVGR, and brother-in-law J. Sarath Babu, ITC BPL for their blessings and encouragement.

Words cannot express my feelings of gratitude to my better half, Vijaya Lakshmi and my dear daughter, Thanusha, for all their encouragement, patience, blessings, best wishes and sacrifices.

G. CHARLES BABU
