ACKNOWLEDGEMENTS

With great pride, immense pleasure and profound sense of gratitude, I take this opportunity to express out heartiest and sincere thanks to my esteemed guide and mentor, Dr. Garikapati Devala Rao for his valuable guidance, innovative ideas, motivation and amicable encouragement with memorable affection throughout the process of accomplishment of the task.

I express my sincere thanks and gratitude to Dr. K.R.S. Sambasiva Rao, Coordinator, Department of Biotechnology, Acharya Nagarjuna University, for his constant guidance, motivation and for providing me the opportunity to work.

I express my sincere thanks and gratitude to Dr. A. Krishna satya, Head of the Department, Department of Biotechnology, Acharya Nagarjuna University, for helping me and supporting me whenever required.

I express my sincere thanks and gratitude to Dr. Sudhakar Poda, Assistant Professor, Department of Biotechnology, Acharya Nagarjuna University, for helping me and supporting me whenever required.

I express my gratitude to all the staff, Dr. P. Udaya Sri, Dr. Srinivas D and Dr. K. Kalyani, Department of Biotechnology, Acharya Nagarjuna University, for their valuable suggestions and affection towards me throughout my project.

I would also like to thank all the research Scholars of the Department of Biotechnology, Acharya Nagarjuna University, for their valuable suggestions during my pre-presentation.
I would also like to thank Sri Y. V. Anjaneyulu, President, Chalapathi Educational Trust, Lam, Guntur, for allowing me to use their facilities to carry out the project work.

I submissively express my deep sense of gratitude and sincere thanks to Dr. Rama Rao Nadendla, Principal and Dean, Chalapathi Institute of Pharmaceutical Sciences, Lam, Guntur, for his valuable guidance and encouragement throughout my investigation.

I sincerely thank Dr. Rama Murthy, Professor and Head, CSIR project coordinator, Montessori Mahila Kalasala, Vijayawada, for his immediate response and interest in helping me to characterize the drug.

I sincerely thank NCBI staff who helped me in depositing the data in Gen bank.

I am highly thankful to Lucid laboratories, Hyderabad, for providing me permission to get GC-MS data. I extend my sincere thanks to Hindustan snake park, Calcutta, India, for providing the venom.

I am thankful to Ohmlina Centre for Molecular Research, Chennai, India, for providing ABI PRISM Dye Terminator Cycle Sequence Ready Reaction Kit by which sequencing reactions are carried out.

I express my thanks to IAEC, Chalapathi Institute of Pharmaceutical Sciences, Lam, Guntur, A.P., India, for permitting me to carryout toxicity studies.

I am thankful to National Scientific products, Guntur, for providing the necessary chemicals within time.
I thank all the lab assistants for their kind help rendered during the course of my research work. I would also like to thank all the office staff of the Department of Biotechnology, Research cell and principal office, Acharya Nagarjuna University for their immediate response when ever needed.

I thank all my fellow friends for their assistance given throughout this period.

At last I deeply acknowledge the encouragement and moral support provided by my parents and family members, to pursue the work.
