ACKNOWLEDGEMENT

The satisfaction that accompanies the successful completion of any work would be incomplete without the mention of the people who made it possible and whose constant encouragement and guidance has been a source of inspiration throughout the course of completion of this Thesis.

First and foremost I thank GOD Almighty for His abundant mercy and infinite grace showered upon me throughout the period of my study and the successful completion of this dissertation.

My supervisor, Dr. S. Pious Missier, Associate Professor in Mathematics, P. G. and Research Department of Mathematics, V.O. Chidambaram College, Thoothukudi, Tamil Nadu has stood by me and his enthusiasm and belief in the project has made the work very exciting. His scholarly guidance and constant encouragement inspired me to evolve new concepts of this thesis. Without his encouragement and constant support, this project would not have materialized. I am deeply grateful to him. I have the greatest respect for him on both a professional and a personal level. Thank you for everything.

I am grateful to Dr. C. Veera Babu, Principal, and Dr. M. Mariasingam, Head of the Mathematics Department, V.O. Chidambaram College, Thoothukudi, Tamil Nadu and other faculty members of the department for their kind concern and generosity, which enabled me to use facilities there in order to carry out the research work successfully.

I am indebted to my parent institution New Horizon College of Engineering, Bangalore, in particular Sri Mohan Manghnani, Chairman, NHEI, Bangalore, for providing this endeavor. I express my sincere gratitude to Dr. Manjunatha, Principal, and Dr. Suma S.P, Head of the Basic science Department, NHCE, Bangalore and all my colleagues, for their valuable support and encouragement during the course of my research work.

With immense pleasure, I thank my beloved husband D. Vimal Raj and my dear children Manu George and Jenas Anton for their concern, co-operation, support and endless endurance. Without their support I would not have accomplished this humble task.
I owe my special gratitude to my guide’s wife Mrs. Josephine for her unfailing hospitality, love and sacrifice.

I record my heartfelt special thanks to my loving mother Mrs. Maria Philomi, mother-in-law Mrs. Sebastinal, brother Mr. J. A. H. George, uncle Mr. Sebastian, for their support, kind words of encouragement and suggestions. A special thanks to my friends Mrs. V. Mary Gleeta, Mrs. Revathi Sankar and Mr. Prashanth for their constant words of encouragement which served as a great inspiration.

I dedicate this work to my respectful father (Late) M. Lourdu Raj, who was my source of strength throughout my life.

A final word of thanks to all my well-wishers and each and everyone, who helped me in the successful completion of this research work.
