ACKNOWLEDGEMENT

I am extremely grateful to my beloved Professor Dr.G.Aruldhas, Department of Physics, University of Kerala, under whose expert guidance I carried out this work. I am deeply indebted to him for his untiring help, constructive suggestions, constant encouragement and above all for his keen interest in my personal welfare.

I would like to express my sincere thanks to Dr. K.S. Viswanathan and Dr.P. Balarama Rao (former Heads of the Department of Physics, University of Kerala), Dr.V. Unnikrishnan Nayar and other teachers in this Department for their encouragement in the progress of this research work.

My sincere thanks are due to Dr. Keresztury Gabor (Central Research Institute for Chemistry of the Hungarian Academy of Sciences, Hungary), Dr. A. Bigotto (Institute of Chemistry, University of Trieste, Italy) and Dr.G.V. Subba Rao ' (MSRC, IIT, Madras) for the help in recording some of the spectra and for their valuable suggestions.

Some of the samples used in these investigations were provided by Dr.M.T.Averbuch - Pouchot (CNRS, France) and Dr.K. Yamagata (Tokyo, Japan) and recorded in RSIC, IIT, Madras. Their help is gratefully acknowledged.

I take this opportunity to thank Dr.Daizy Philip, Research Associate, Department of Physics for her untiring help and lively discussions.
The help rendered by my colleagues Dr. P. Rajagopal, Dr. Xavier Mathew, Dr. Bini Lizbeth George, Messrs. R. Haresh, I. Hubert Joe, Jayanth K. Newport and Professor V.S. Jayakumar and Mrs. T.A. Mary (MSRC, IIT, Madras) in recording the spectra is gratefully acknowledged. I express my gratitude to Jaya.A.S., Meena Varma, Helan J.N. and S. Yamini for giving lively company throughout.

I acknowledge with pleasure the timely help rendered by Mr. M.V. Mohandas, Instrumentation Engineer. I must mention my gratitude to Dr. Roy Chacko and Messrs. S. Sharma and Eric D'Cruz for the microscopic measurements. I am particularly thankful to Dr. Prabhakaran (Professor and Head, Department of Chemistry) and Ms. Santhamma, K.R. (Department of Biochemistry) for the valuable help and suggestions. Also I extend my sincere thanks to all other staff, research fellows and friends for their wholehearted support. The encouragement and hospitality received from Mrs. Grace Aruldhas is gratefully acknowledged.

Financial assistance received from University of Kerala (JRF) and CSIR, New Delhi (SRF) are thankfully acknowledged.

Finally I express my deep sense of appreciation to Shri K.L. Ramanadhan Nair for the neat typing of the thesis.
