Acknowledgements

Many are the names that flash across my mind who have made valuable contributions for making this research work a successful one.

Words are inadequate to express my deepest gratitude to my supervising guide Dr G Renuka, Professor, Department of Physics, University of Kerala, Kariavattom, for the direction and motivation she has provided in ample measure all these days towards the completion of this work. I would like to express my deep sense of gratitude towards her, for her whole hearted involvement in guiding me, to find errors and troubleshoots, to complete the work in time and for her untiring efforts to keep me in touch with progress, clearing my doubts and giving me moral support.

I am thankful to Dr C I Muneera, Professor & Head and Dr V K Vaidyan, former Professor & Head of the Department of Physics, University of Kerala, Kariavattom and other members of the faculty who guided and helped me in different ways for the completion of this work. I gratefully acknowledge my indebtedness to Dr V Biju, Assistant professor, Department of Physics, University of Kerala, Thiruvananthapuram, who helped me and gave necessary support to access the Hydrometeorological Data Acquisition System, which kept the work in progress.

I take this opportunity to thank Dr T K Sivadas, former director, CIFT, Cochin and his team EMCON India, for their efforts in developing sensors and measurement systems having applications in meteorological studies. I am grateful to the Director and staff members of India Meteorological Department, Thiruvananthapuram for providing me with the data required for completion of this work. I owe my deepest gratitude to Dr Matthew Simpson, Department of Marine, Earth and Atmospheric Sciences, North Carolina State University, USA for his support in obtaining the land use map of the site.

I am happy to thank Mrs. Neena Sugathan, Assistant Professor, Department of Physics, Govt. College for Women, Thiruvananthapuram and Sri. Rakesh Chandran B, Assistant Professor in Physics, S D College, Alapuzha, for their companionship and the help rendered to me during this work. I am grateful to Dr S Abraham Thambi Raja, Associate Professor, Department of Physics, Lekshmi puram College of Arts and Science, Neyyoor, Tamil Nadu for his valuable help in installing sensors.

I would like to extent my thanks to the Librarians of the University Library, Thiruvananthapuram; Department of Physics, Kariavattom; VSSC, Thumba; CESS,
Thiruvananthapuram, who gave me access and necessary support for the collection of literature.

It is a pleasure to thank all my friends, research scholars, students and members of non-teaching staff of the Department of Physics, Kariavattom & Astronomical Observatory, Thiruvananthapuram for the source of inspiration they extended to me.

I am also thankful to Dr A R Babu, Chairman; Dr S Pushpakumar, Principal and all my colleagues in Heera College of Engineering and Technology, Panavoor, Nedumangadu, Thiruvananthapuram, for their kind co-operation and valuable suggestions.

Lastly, I would like to thank all my family members for their love, wholehearted support and encouragement. I am especially grateful to my parents, sister and brother in law who supported me in all my pursuits. I am deeply indebted to my loving, supportive, encouraging and patient husband for his faithful support during each stage of this course.

ROXY M S
