Acknowledgements

I would like to express my deepest gratitude and a heartfelt thanks to my research supervisor Dr. G. R. JANARDHANA, Professor, DOS in Botany, University of Mysore, Manasagangotri, Mysore – 06, for his enthusiastic supervision, advice and careful guidance. I consider myself fortunate indeed to have his as my research guide.

I immensely thank Dr. N. Lakshmidevi, Chairperson, DOS in Microbiology, Prof. Ravishankar Rai, Chairman, BOS in Microbiology, University of Mysore for their kind support and encouragement.

I deeply thank the members of doctoral committee members Prof. H.S. Prakash, DOS in Biotechnology and Dr. Shubha Gopal for their valuable help and suggestions.

My heartfelt thanks to Prof. K.A. Raveesha and Mr. K. M. Jayaramaiah, DOS in Botany, University of Mysore and Dr. Shylaja. M. Dharmesh, Scientist, Department of Biochemistry and Nutrition, CFTRI, Mysore for their support and advice.

I would like to thank the faculty members of DOS in Botany and Microbiology, University of Mysore, Dr. M.Y. Sreenivasa, Dr. S. Satish, Dr. K. N. Amruthesh, Dr. Rajkumar H. Garampalli and for their kind support and encouragement. I gratefully acknowledge Dr. Farhan Zameer, Assistant Professor, DOS in Biotechnology & Microbiology, Pooja Bhagavat Memorial Mahajana Post Graduate Centre, Mysore for his scientific suggestions on bioanalytical and molecular biology techniques.

I thank all the faculty members and Research Scholar of Earth Science, University of Mysore, for all their encouragement and timely help during this work with special reference to GIS mapping.

I would like to gratefully acknowledge my research colleagues Dr. Meghashri. S. Ms. Midhila Padman, Mr. Mahadeva Kumar S., for their enormous technical help and support during the research work. They played an invaluable role in my research both as my lab-mates and friends.

I would also like to thank Ms. Sinduja and Ms. Hasitha Research scholars, CFTRI, Mysore for their help and cooperation.

My sincere thanks to Mr. Saeid Nikdad, for his constant and cooperation during the filed work study.

Thanks to the Principal Chief Conservator of forests, Bangalore and the officials of Kodagu forest for helping me out in finding termite hill and during sample collection. I deeply acknowledge Late Mr. Kushalappa for guiding me during sample collection across the villages in Kodagu forest.
I thank the Institute of Excellence (IOE) central instrumentation facility, University of
Mysore, c-Camp, GKVK campus, Bangalore and Indian Institute of Science,
Bangalore for their timely help and guidance.

Finally, I am forever indebted to my wife Mrs. Narges Gouhari Rad and all family
members for their support, understanding, endless patience and encouragement when
it was most required. Further, I thank the Almighty for making this thesis come to a
reality.
