ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude to Professor K.T.M. Hegde, for suggesting the problem and for his valuable guidance throughout the course of this study without which it would not have been possible to complete this work.

I deem it a pleasure to record my warmest thanks to Dr. R.V. Karanth, Department of Geology, M.S. University of Baroda, for his kind help and constant encouragement throughout my studies. I gratefully acknowledge the help rendered by Dr. B.V. Kamath, Department of Chemistry, M.S. University of Baroda and Dr. K. Seshan, Research Centre, IPCL, Baroda, at various stages of this work.

I am indebted to Dr. T.S.R. Prasad Rao and Dr. A.B. Halgeri, Research Centre, IPCL, Baroda for kindly permitting me to do x-ray diffraction studies in their laboratory. I would like to thank Professor M.K. Agarwal and Dr. N.M. Patel, Department of Physics, S.P. University, Anand for granting me permission to avail the SEM and EDAX facilities in their department. I am grateful to Professor D.K. Chakraborty, Department of Chemistry, IIT, Bombay for allowing me to do DTA and Professor A.K. Mallik and Dr. Harendranath, RSIC, IIT, Bombay for permitting me to carry out x-ray diffraction and EDAX studies in their departments.

I wish to express my gratitude to Professor Walter Noll, Mineralogisch-Petrographisches Institut der Universität, Köln 1 and Dr. I.C. Freestone, Research Laboratory, British Museum, London, for their keen interest and valuable suggestions for my studies.

I am thankful to Dr. V.H. Sonawane, Dr. K.K. Bhan and Dr. (Mrs.) S.S. Srinivasan, Department of Archaeology (MSU), for helping me at various stages of my work.
It is a pleasure to thank my teachers, Professor R.N. Mehta (Retd.), Professor B.S. Suryavanshi, Professor S.N. Chaudhary, Dr. (Mrs.) D.R. Shah, Dr. V.S. Parekh and Dr. K.H. Patel in the Department of Archaeology (MSU) for sharing with me their knowledge and long experience in the field. I express my thanks to Shri R.J. Khatri and Shri N.M. Khatri, Draftsmen and Shri A.S. Pawar, Photographer for their co-operation. I should like particularly to mention Shri H.G. Patel who assisted me in the laboratory. I am extremely thankful to him for all his help. I thank Shri K.A. Patel, typist for his neat and clean typing.

The financial assistance by the University Grants Commission and Ford Foundation Grant is gratefully acknowledged.

I owe a word of thanks to Mr. P. Ajitprasad and Mr. S. Pratapchandran of the Department of Archaeology (MSU) and Mr. S. Viswanath, CSRE, IIT, Bombay.

There are many more individuals who have, one way or another, contributed to the success of my research. It would not be possible to thank each of them individually, but I wish to especially thank all of them who made my work pleasant and successful.

No words can express my gratitude to my parents and sisters who have supported and encouraged me throughout my studies.
