# LIST OF FIGURES

## Chapter 2

<table>
<thead>
<tr>
<th>Figure</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A.1</td>
<td>Location of Vagad, Nageswar and Ratanpura</td>
</tr>
<tr>
<td>A.2</td>
<td>Red Ware from Vagad</td>
</tr>
<tr>
<td>A.3</td>
<td>Red Ware and Buff Ware from Vagad</td>
</tr>
<tr>
<td>A.4</td>
<td>Buff Ware, Chocolate Slipped Ware and micaceous red ware from Vagad</td>
</tr>
<tr>
<td>A.5</td>
<td>Micaceous red ware, coarse black and red ware, coarse grey ware and white painted black and red ware from Vagad</td>
</tr>
<tr>
<td>A.6</td>
<td>Red Ware from Nageswar</td>
</tr>
<tr>
<td>A.7</td>
<td>Red Ware, Grey Ware and coarse red ware from Nageswar</td>
</tr>
<tr>
<td>A.8</td>
<td>Red Ware from Ratanpura</td>
</tr>
<tr>
<td>A.9</td>
<td>Buff Ware, Chocolate Slipped Ware, Lustrous Red Ware, fine quality white painted black and red ware, coarse black and red ware, coarse red ware and coarse grey ware.</td>
</tr>
</tbody>
</table>

## Chapter 4

<table>
<thead>
<tr>
<th>Figure</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>B.1</td>
<td>Photomicrograph of coarse red ware from Vagad showing plagioclase feldspar having polysynthetic twinning</td>
</tr>
<tr>
<td>B.2</td>
<td>Photomicrograph of sturdy Red Ware from Vagad showing quartz grains with subangular to subrounded shapes</td>
</tr>
<tr>
<td>B.3</td>
<td>Photomicrograph of Red Ware from Vagad showing quartz grains with subrounded shapes</td>
</tr>
</tbody>
</table>
Figure

B.4 Photomicrograph of micaceous red ware from Vagad showing thin flaky mica particles

B.5 Photomicrograph of coarse red ware from Nageswar showing fragment of porphyritic basalt.

B.6 Photomicrograph of coarse red ware from Nageswar showing a fragment of glassy basalt

B.7 Photomicrograph of coarse red ware from Ratanpura showing coarse grains

B.8 Photomicrograph of Buff Ware from Ratanpura rich in calcite having cryptocrystalline nature

B.9-B.13 X-ray diffractograms of Harappan pot-sherds from Vagad and Nageswar

B.14 X-ray diffractogram of clay sample from Nageswar

Chapter 5

C.1 Composition of the non-plastic inclusions in the Harappan pottery at Vagad

C.2 Geological map of Gujarat State

C.3 Drainage map of Gujarat

C.4 Composition of the non-plastic inclusions in the Harappan pottery at Nageswar

C.5 Composition of the non-plastic inclusions in the Harappan pottery at Ratanpura

C.6 Histogram showing the size of non-plastic inclusions in the Harappan pottery at Nageswar

C.7 Histogram showing the size of non-plastic inclusions in the Harappan pottery at Vagad

C.8 Histogram showing the size of non-plastic inclusions in the Harappan pottery at Ratanpura

D.1 EDAX spectrum of sample MSU 1
D.2 SEM of sample MSU 1
D.3 EDAX spectrum of sample MSU 2
D.4 EDAX spectrum of sample MSU 3
D.5 EDAX spectrum of sample MSU 4
D.6 EDAX spectrum of sample MSU 5
D.7 SEM of sample MSU 3
D.8 SEM of sample MSU 5
D.9 EDAX spectrum of sample MSU 12A
D.10 SEM of sample MSU 12A
D.11 EDAX spectrum of MSU/sample 14
D.12 SEM of MSU/Sample 14
D.13 EDAX Spectrum of sample MSU 7/Black
D.14 SEM of sample MSU 7/Black
D.15 EDAX spectrum of sample MSU 7/white
D.16 SEM of sample MSU 7/White
D.17 Vertical up-draught kiln
D.18 Open-fire baking kiln

Chapter 7

E.1 Differential thermal analysis curves of Harappan pottery and clay sample from Nageswar
E.2 Differential thermal analysis curves of Harappan pottery from Vagad
