

RESEARCH PUBLICATIONS AND PRESENTATIONS

Papers presented at National/International Conferences and Seminars

- 2 Presented a research paper entitled “*Processing of Flax Fabric by Enzymes*” at **National Seminar** on Textile and Apparel Industry ‘The Environment’ organized by Department of Clothing and Textile, The M. S. University of Baroda, Vadodara (20-21 February, 2004).
- 3 Presented a research paper entitled “*Bio-polishing of Flax Fabric*” at ‘17th **National Convention** of Textile Engineers and **National Conference** on Innovation in Textile Processes and Products’ organized by The Institute of Engineers(I) and Department of Textile Technology, PSG College of Technology, Coimbatore, India (19-20 March, 2004).
- 4 Presented a research paper (*in absentia*) entitled “*A Novel Approach for Functionalized Textiles from Linen Fabric*” at ‘**International Conference** on Intelligent Textiles (ICIT 2006)’ organized by The Korean Fiber Society and Intelligent Textile System Research Centre, Seoul, Korea (12-14 November, 2006).
- 5 Presented a research paper entitled “*Pretreatment of Flax Fabric with Aliphatic Amines*” at “**International Conference** on Futuristic Trends in Textiles (ICFT 2007)’ organized by Department of Textile Technology, Dr. B. R. Ambedkar National Institute of Technology, Jalandhar, India (10-12, December, 2007).

Research papers to be Communicated:

- Studies on Alkali Pretreatment: An Insight of Physical Properties and Structural Changes of Flax Fabric
- Aliphatic Amine Pretreatment of Flax Fabric: A Comparison with Caustic Soda Pretreatment
- Peracetic Acid Pretreatment of Flax Fabric: An Environmentally Compatible Process
