ACKNOWLEDGEMENT

The work reported in the thesis was carried out in this Department under the guidance of Dr. Subash S. Sannasiddanannavar, Associate Professor, Department of Studies in Geography, University of Mysore, Manasagangotri, Mysore - 570006. I am thankful to him for the opportunity given to me to pursue the research work under his able guidance, support and encouragement throughout the period. His scholarly suggestions, prudent, immense interest and affectionate behaviour have been a source of great inspiration to me.

I am greatly indebted to Prof. Asima Nusrath, Chairman (BOS) Department of Studies in Geography, Manasagangotri, Mysore.

I wish to express my sincere thanks to Prof. B. N. Shivalingappa, Chairman, Department of Studies in Geography. I am also thankful to Prof. H. Nagaraj, Dr. P. Jayashree, and Dr. Arun Das the faculty members of the Department of Geography for their support and encouragement.

I would like to thank Dr. B. Chandrashekar, Department of Geography, for their immense help and encouragement and valuable suggestions to complete the work.

I also thank to Mr. Y. P. Rajesh and Mr. Ramu, and all other staff of the department for their co-operation throughout my research period.

It is a special privilege to express my sincere gratitude to retired professor, Dr. Krishnamurthy and Dr. Ranganath.

I would like to express special thanks to Dr. Javid Ahmad Tali and Divya. S for their encouragement and helping in research work.

My sincere thanks also due to Mr. Malegowdaru, District Health Officer, Mysore District, Mr. Nagraj and Mr. Kiran are helped me during data collection. I am also thankful to District statistical office, and all other government officers who have provided necessary data for this research work.

My sincere thanks also due to Mr. Sanveerappa and Mr. Mahadevaswamy K. G, for all help and co-operation during data collection.
I am highly indebted to my parents, Sri.Vijay Kumar.C and Smt.Padmavathy.M, who have encourage me and brought to this level. I am also thankful to my brothers Sandeep.V, Abhijith.V and Tejas.V, Grand Mother Smt.Puttabasavamma, and my all cousin sisters, brothers and all my relatives for their encouragement and co-operative which made this work possible.

My thanks also due to University Grant Commission, New Delhi for providing me a Rajiv Gandhi National fellowship to carry out this research work.

My time at Stanford was made enjoyable in large part due to the many friends and groups that became a part of my life. I am grateful for the precious time spent with friends and research scholars in various academic discussions and memorable trips.

Last but not the least I would like to gratefully thank the Honorable Vice Chancellor and Registrar for giving me all the support in carrying out my Ph.D. Successfully.

Finally, I thank all those who have helped directly or indirectly for the completion of this thesis.

Thank you,

MINUTHA.V
Research Scholar
