Acknowledgement

Emotions can not be adequately expressed in words because the emotions are transformed into mere formalities. Nevertheless, Formalities have to be completed. My acknowledgement are many more than what I am expressing here.

It gives me an immense pleasure to express my deep sense of gratitude to my revered research supervisor Dr. D.Rajyalakshmi, Reader and Head, Department of Library and Information Science RTMNU, Nagpur. For her guidance constant encouragement, constructive criticism stimulating discussions and keen interest evinced throughout the present study "Infrastructure and facilities of library and information science Departments of Indian Universities: with special emphasis of universities in Maharashtra". I am really fortunate to associate myself with such an able and experienced personality. The help and advice rendered by her are mainly responsible for the successful completion of the present work.

I will be failing in my duty in, I do not express my deep sense of gratitude to my parents and my family members and My loving daughter Anushri and Kasturi. I will express to thanks my all family members for their constant encouragement, their confidance in me and my work and their support all though the study period which has helped me to complete this research.

If seems one uses the choicest words to measure the boundless Love and Fireless sacrifice of some one. I find no such measure adequate to quantify all that my husband Prof. Dilip V. Malode has done for me. s

I would like to thanks, Prof. Bhagat , to help me in research period at every stage. I would also like to thanks all the Heads of the Departments of Library and Information Science in India for their extended support.

I wish to express my appreciation to many authors whose work I have consulted very often and quated in this study.

A word of appreciation and thanks goes to Facit Computers for skillful computerization of the thesis.

Lastly, I am thankful to all those have extended their direct or indirect assistance in completing this research work.

Ms. Vaishali B. Wadnerkar
