Acknowledgement

First and foremost I thank Almighty Allah for his mercy and benevolence. With a profound sense of gratitude, I place on record my sincere thanks and personal regards to my revered supervisors, Prof. M. Z. Chisti and Dr. Syed Tanveer P.G. Department of Zoology University of Kashmir for their judicious, valuable suggestions and constant encouragement during the entire course of this investigation.

At the outset I feel privileged to acknowledge my deep sense of gratitude to my inspiring and ideal teacher, my supervisor late Prof. Abdul Baqui, whose constructive criticism, persistent supervision and insistence, enabled me to work hard and complete this work.

Words fail me to translate appropriately my gratitude to Dr. Zaffar (Associate Professor) and Abdul Majid (Lab. Assistant) Department of immunology Shari Kashmir Institute of Medical Science Soura, for their encouraging, meritorious guidance, timely suggestion, supervision and providing laboratory facilities at every step of the present study.

I express my gratitude from the core of my heart to Head Prof. M. M. Darzi and Dr. Masood Ahmad Mir, Department of Pathology, SKAUST, Shuhama Srinagar for their kind cooperation, manual help in laboratory and sincere guidance during the completion of the thesis.

I am highly thankful to senior scientist Dr. O.K. Raina (Principal Scientist) and other faculty members of the Department of Parasitology, I.V.RI, Barielly Izatnagar U.P. for providing laboratory facilities and vulnerable suggestion to complete ELISA test.

My sincere thanks are due to my colleagues Parvaiz Ahmad, Zubair Ahmad, Rukhsana, Showkat Ahmad, Tanveer Ahmad, Dr. Hidayat-ul-Tak, Dr. Feroze Ahmad, Sojad Ahmad and Ajaz Qureshee for their timely suggestion and guidance.
I am also thankful to non-teaching staff members of P.G. Department of Zoology of Kashmir University for their kind attitude during the present endeavour.

I wish to place on record my strong thanks to Dr. Fayaz Ahamd P.G. Dept. of Zoology for his constant support during the hectic days of submission of this thesis.

I wish to express my thanks to the Head of the Department Prof. R.C. Baghat, for his co-operation and providing necessary laboratory facilities during the course of my project work.

I am highly thankful to all the teachers of Zoology Dept. of Kashmir University, whose encouragement and continuous inspiration, help me to complete this work.

When emotions are involved, words fail to mean, my heart felt and sincere gratitude towards my parents, who have supported, encouraged and helped me through out my academic career. They have always stood behind me like a rock and have acted as anchors in tides for me. Their love and affection is the strength of my life. Showkat Ahamd, Arshad Ahmad and Shakeel Ahmad (my brothers) have proved to be the most affectionate, loving and caring brothers. They have always provided me a congenial environment with all their help and support. I would always remain indebted to all my family members.

I take great pleasure in expressing my sincere thanks to Parvaiz Ahmad for great pains in typing and printing out the script so patiently.

My warmest and special thanks are due to friends especially Bilal Ahmad, Nisar Ahmad and Rouf Boda for their help and co-operation.

Last but not least thanks from core of my heart due to my teacher and guide Dr. Syed Shad Hussain for encouraging me to work hard and reach to the highest seat of learning.

Tariq Ahmad
