Contents

1. Introduction
   1.1 Taeniasis
   1.2 Nutrition and Metabolism
   1.3 Immunology
   1.4 Diagnosis
   1.5 Epidemiology and Public Health
   1.6 Taeniasis in India
   1.7 Taeniasis in Kashmir
   1.8 Introduction of Nitazoxanide

2. Historical and Taxonomic Survey

3. Review of Literature

4. Materials and Methods
   Objectives of the Study
   4.1 Life Cycle
   4.2 Viability of eggs
   4.3 Epidemiology
   4.4 Chemotherapy with Nitazoxanide
   4.5 Species Diagnostic Manual

5. Observations
   5.1 Experimental trials in host and non host animals
   5.2 Viability of Taenia saginata eggs
   5.3 Epidemiology
      5.3.1 Prevalence in Baramulla
      5.3.2 Prevalence in rural versus semi-urban
      5.3.3 Prevalence in Srinagar
      5.3.4 Overall prevalence
   5.4 Chemotherapy in diagnosed cases of Taeniasis
      with Nitazoxanide

6. Discussion

7. Capacity building surveillance for prevention and control

8. Summary and conclusion
