ACKNOWLEDGEMENTS

This thesis is the most significant scientific accomplishment so far in my life and it would not have been possible for me to achieve such an accomplishment without the support and encouragement of some people who have helped me directly or indirectly. So, it is my proud privilege to acknowledge them for their kind help, support and encouragement.

I express my heartfelt gratitude to my Research guide Dr. P. Rama Mohana Rao, Scientist-C(Retd), Central Sericultural Research and Training Institute, Mysore for his constant encouragement, able guidance and critical review in time to time, timely suggestions, constructive criticism and inspiration have enabled me to complete this thesis in time.

I am also thankful to the University of Mysore, Mysore for permitting me to carry out Ph.D. work.

I am extremely thankful to my parents and family members for their constant support and encouragement and support.

My sincere thanks to Dr. B. B. Bindroo, Director, CSRTI, Mysore for his encouragement, timely help and administrative support in perusing this work. I am also extremely indebted to Dr. S. B. Dand and Dr. S. M. H. Qadri, former Directors of this institute who gave me an opportunity to work in this premier institute.

I would also like to thank Sri. Ch. Satyanarayana Raju, Scientist-D, Regional Sericultural Research Station, Anantapur, Smt. A. Aryunakumari, Joint Director, Department of Sericulture, Govt; Of Andhra Pradesh, Sri. Ramakrishna Reddy, P. Ramohan, who supported during my tenure at REC, Penukonda.

I express my gratitude to Prof. D. Manjunath, Dept. of Sericulture, University of Mysore for their moral support and encouragement. I thank Dr. S. K. Ashwath, Scientist-D, Dr. P. Sudhakara Rao, Dr. Muniratnam Reddy, Dr. Gangadhar, Dr. Mal Reddy, Dr. D. S. Dr. Somaparakash, Mr. Narasimnha Nayaka, Dr. M. Vijayakumari, Dr. T. Mogili Mr. B. T. Srinivas, Scientists, D. Shoban Banu, A. Gopal, D. Mohan Rao, C. H. Ramanna and Ganagiah for their kind support and encouragement.
I profoundly express my sincere gratitude to Mr. J. Justin Kumar for his critical and suggestions during the preparation of the manuscript and for his continuous help and support in computer work for giving aesthetic look to my thesis.

I acknowledge my special thanks to Dr. P. Kumaresan, Scientist-D, Central Silk Board, Bangalore, Dr. S. Lakshmanan, Scientist-C (Retd), Economics, CSRTI, Mysore for helping me in analyzing the data. It is my privilege to thank Mr. H. M. Munikrishnapaa, Scientist-C, PMCE for helping in all correspondence to University of Mysore, Mysore.

I would like to thank my wife N. B. SITARA, who turned to be my guide and my better half and my soulful inspiration in initiating the mighty task and completing successfully.

Above all, I sincerely bow my head in front of Almighty LORD VENKATESHWARA for his blessings due to which I could successfully complete this whole work.

S. PURUSHOTHAM
