I had for years dreamt of this day, when I would be writing my acknowledgement. Now that the day has arrived, I walk down memory lane to capture my journey of being a Biochemistry student and then a scholar.

I thank first of all Almighty for giving me the required zeal for the completion of this thesis. The one person, my supervisor, Prof. A.N.K.Yusufi for his proficient guidance, conscientious scrutiny, abounding encouragement and congenial assistance. I would like to register my sincere gratitude to you Sir, for your illuminating scholarly guidance and creative supervision. Thank you sir very much, for inculcating in me the spirit to always strive hard.

I am extremely grateful to our Chairman, Prof. S.M.Hadi for providing all the essential facilities to carry on the research work. I would also like to thank all my teachers, Prof. Masood Ahmad, Prof Bilqees Bano, Prof. Naheed Bano, Prof Qayyum Hussain, Dr Farah Khan, Dr Imrana Naseem, Dr Tabish, Dr Riaz Mahmood and Dr. Fahim Khan for their guidance and encouragement as when needed.

Thanks to our labmates Neelam apa, Shuba apa, Wasim and Sara for helping me in every stage in the best possible manner and for making the lab environment cordial.

I am extremely thankful to my batchmates- Sadaf, Hafiza, Toshiba, Nishtha and Mehreen who were always ready to listen and for providing tension free environment to work in.

I would like to express my heartfelt gratitude to Showket bhai, Arivarasu bhai, Amin apa, Deeba apa, Eram apa, Ayesha apa, Sadia apa, Yasha apa and to all my seniors for always helping me in every stage of my research.

I gratefully acknowledge the help extended by Dr. Abbas Abidi, Department of Zoology, for providing the necessary facilities for radioactive counting. I would also like to thank Zuberi Sahab, Surinder bhai, Waseem bhai, Dilshad bhai, Qadir bhai, Shahansha bhai and Shahnaz apa for their help.

I am extremely grateful to "My parents" and my brothers Athar bhayya and Ahmar bhayya for their love and concern they have shown me in every path of my life. Mama and papa, being always there whenever I was feeling depressed and whose prayers have made me what I m today. And my brothers, for being a mountain of strength and protection and a fountain of care and affection.

And last but never the least; my deepest gratitude is for my husband, Dr. Tahir Ali because of whose understanding, care and for always supporting me in my endeavors, my dream of becoming a doctorate could be realized.
Senior/Junior Research Fellowship from Indian Council of Medical Research (ICMR), New Delhi, is gratefully acknowledged for providing financial help.

In the end, I would just like to say "Tough times never last but tough people do."
