ACKNOWLEDGEMENT

“In the name of Allah, the most beneficent and the most merciful”

All these months, since I have started compiling my research work, I have been looking forward to the day when I would be writing my acknowledgement and today by the grace of Almighty, the day has finally arrived in my life. The present work is credited to all those people who have directly or indirectly helped me during my research.

At the outset I would like to put on record my sincere gratitude towards my Guide, Dr. U.D. Kulkarni, to whom I am most indebted for his guidance and help all through the completion of this work. His attitude, approach and manner of dealing any particular aspect and total perspective of observing, understanding and interpreting the things have deeply influenced me. His personal supervision of my research work and keen interest in it has always been a source of inspiration for me. His timely encouragement and support has helped me in completion of this work. Of all I am highly grateful towards him for making this research work a great learning experience in itself and I would especially like to thank him for never making me feel away from home. Infact, I owe him more than words can ever express

I am also highly thankful to my Co-guide, Dr. R.S. Gavali, for his help and co-operation and also for giving me many valuable suggestions during the entire course of my research work. His kind words were always a source of motivation and encouragement for me.

I take this opportunity to thank Dr. Nilima Rajourkar, Head, Department Of Environmental Science, University of Pune and former heads, Dr. V.S. Ghole and Dr. P.G. Saptarishi for their support and encouragement and for allowing me to avail the Departmental facilities. I would also like to thank all the teachers and non teaching staff of the department for their co-operation.

My sincere thanks are also due to Mrs. Imtiyaza Bahaqi and Mr. Ab. Rahman, Principals, School Education Deptt, J & K, for their support and co-operation.

I owe all my success to my Abu and Mamma, without whom I would not have been able to achieve anything in life. Most importantly, I would love and infact I am proud to acknowledge the role of my brother, Shaiq Nazir, in successful completion of my research. Without his support,
company and cooperation, it would have been quiet impossible for me to trek those difficult and
distant tracks of my study area. His company was always a source of satisfaction and safety for me.
His keen interest in my research always encouraged me to work with patience, dedication and
sincerity. I would love to thank my sister, Dr. Nidha, who has always played a pivotal role in my life
and is no less than a mother for me. Her love and support has constantly encouraged me in my life. I
would also like to extend my thanks to Hina bhabhi for sharing so many important responsibilities
with me which enabled me to concentrate on my studies. She has always been a source of joy and
motivation for me. Nonetheless, would I like to thank my jiju, Ubaid bhai for being ever encouraging
and always ready in times of need. I would also like to thank my family-in-law, especially, Dadji,
Mamma and Saba Baji for their love and support during the important phase of compiling my thesis.

I would also like to thank some important people in my life whose prayers and good wishes
have made me sail in the difficult moments of my life – Maamaji, Namo, Ammi, Ud, Bairaja, Lalji,
Sony, Nazia, Vity Baji and also Mr. M. Ramzan (bhaijan) and Altaf Sab for motivating me to realize
my dreams. I would also like to thank Shumas Bhai and Younis for their precious time and company
in my field trips.

I would like to put on record my sincere gratitude towards all the members of State Pollution
Control Board, Srinagar especially Dr. Bilkis Ara (Scientist-C) and all the staff Of Water Laboratory,
Yaqoob Sir, Shabir Sir, Mushtaq Sir, Qaisar Sir and Suhail Bhai for their co-operation and for all the
facilities that I availed during water analysis. I would also like to thank Dr. Tahir Ali, Head,
Department of Soil Sciences, SKUAST-K, for using their lab for trace element analysis. I am also
thankful to Ab. Majid Mir Sahib, Geologist, Geology and Mining Department, Srinagar, for providing
me the library facilities at his department and accompanying me on geological field trip. I am
especially thankful to Mushtaq Sahib, SFC, Srinagar for helping me in the preliminary survey of the
area. I would also like to thank the Heads of the Departments of Environmental Science, Geology-
Geophysics and Geography, especially Mr.Bhat sir and also Mr. Tariq Abdullah of Instrumentation
Technology, University Of Kashmir, for providing valuable resources, library facilities and important
secondary data related to my work. I highly acknowledge the help provided by Mr. Mushtaq Ahmad
Malik, Senior Engineer, Deptt. Of Irrigation and flood Control, for providing a healthy discussion
and important secondary data related to my research.

I would also like to extend my thanks to the Department of Geology, University of Pune for
providing me the facility of XRF-Spectroscopy and most specially I would like to thank Dr. Mrs
Nagpal, Dr. Raymond and Miss Tahira. for all their help and co-operation. My thanks are also due towards all the teaching and non-teaching staff of the Department of Geology, N.Wadia College, especially Dr. I. A. Khan Sir. I would also like to thank Mr. Ajay Kadam for his untiring efforts in cartographic assistance and for his extreme patience that he showed towards my work Mr. Vinayak for all his help. I am also thankful to Mr. Chakranarayan Sir for giving me his precious time and editing the grammatical errors in my thesis. I also acknowledge the Jaikar Library, University of Pune, for providing me the toposheets and other library facilities and also Central Libraries, University of Kashmir and Skuast-K.

My acknowledgement would never be complete without thanking my friends especially Afshan, Shazia Andrabi, Shazia Siddiq, Deep, Firdousa, Tasadduq, Meenu Raina and Aslam. I would specially like to acknowledge my friend Sonia Chordia Chuttar for the proof reading of my thesis and also her entire family for always providing a homely environment in Pune. My thanks are also due to Seema Mam, Bharana, Farhana, Veena, Asifa, Ajay sir and Javed Sir. Their love and support were my strength and will always be. I am also thankful to my juniors- Zeenat, Sadaf Qamrun and Nighat.

A special mention goes to Arif, Showkat Bhai and Salman for never letting me feel alone in Pune and for always providing a brotherly support in times of trouble and also to Anjum and Mehmooda for their strong moral support and also for being with me during the entire compiling phase of my thesis. My sincere thanks are also due to Yasir bhai for helping me in arranging my thesis at the time of printing.

Last but never the least, I am thankful to Mr. Muneer, my fiancée, for being a great moral and mental support to me, for always listening to me patiently, for discussing my problems with me and for encouraging me constantly to move ahead with strength and without fail. I also acknowledge him for helping me in final compilation of my thesis.

Cute thanks to baby Shereen and baby Usayd for being my stress busters.

Writing all this, I am feeling myself blessed by Allmugty for gifting me with such wonderful people in my life and so a humble thanks to Allah for his kindness and mercy on me.

Asiya Nazir Khan
