Are you interested in knowing more about your own personality? If you will answer HONESTLY and THOUGHTFULLY all of the questions on the pages that follow, it will be possible for you to obtain a better understanding of yourself. These questions have been carefully selected and then given to a large number of persons. By comparing your answers with the answers of the group you will secure a more accurate notion of your own characteristics. The value of this to you will be in proportion to the care and honesty with which you answer each question.

Your answers to the questions will be treated in the strictest confidence. Therefore, feel free to give candid replies. There is no RIGHT or WRONG answers. Indicate your answer to each question by drawing a circle around the “YES”, “NO” or the “?”? Use the question mark only when you are certain that you cannot answer “Yes” or “No”. There is no time limit, but work rapidly.
If you are not employed now, answer the occupational questions with reference to the last position which you held. House-wives who are not employed outside the home should omit the questions referring to working conditions.
