ACKNOWLEDGEMENT

First and Foremost, I would like to express my sincere gratitude to my supervisor Dr. Romesh Kumar for the continuous support of my Ph. D. study and research, for his patience, motivation, enthusiasm, and immense knowledge. His guidance helped me in all the time of research and writing of this thesis.

I am also thankful to Prof. D.S. Jamwal, Head of the Department of Mathematics, University of Jammu, Jammu for his guidance and encouragement to complete the work.

It is an honour for me to thank all the faculty members of the Department of Mathematics, University of Jammu, Jammu for their valuable encouragement and good wishes during the course of this work.

I am also grateful to CSIR for financial support no. 09/100(0133)/2006EMR-I in the form of JRF and SRF.

I wish to thank Dr. Udhey Bhanu, Dr. Pavinder Singh, Dr. Sanjay Kumar, Dr. Virender Pal Singh, Dr. Narinder Kumar, Dr. Kanwar, Dr. Kulwant Singh, Dr. Sandeep Sharma, Sumit Dubey, Rakesh Gupta and my fellowresearchscholars for their affectionate encouragement throughout the period of my research, without which achieving this feat would have been impossible. I owe my deepest gratitude to Ha to express my deep sense of gratitude to my parents who have been a great source of inspiration for me in accomplishing this research project. I cannot forget the affectionate encouragement of my brothers and my wife Preeti Sharma for the achievement of this goal.
I am also thankful to the non-teaching staff and librarian of the Department of Mathematics, University of Jammu, Jammu for their help and support. Last, but not the least, I thank GOD for giving me an opportunity in this life to fulfill my dream.

(Ajay Kumar Sharma)
