ACKNOWLEDGEMENT

First of all let me thank the HIM for His love, affection, care and great blessings showered to me all through my life.

I express my deep sense of gratitude to my guide, Dr. C.K. Mahadevan (Reader in Physics, S.T. Hindu College, Nagercoil) for his keen interest in my career advancement. I am greatly indebted to him for this valuable guidance, erudite suggestions, timely corrections, lucid explanations, constant encouragement and support in the completion of the present research work and thesis preparation.

I am grateful to the Management, Principal and Head of Physics Department of S.T. Hindu College, Nagercoil for extending the facilities to me to carry out the research work. Also, I thank the Department of Science and Technology (DST), New Delhi for the Woman Scientist Scheme Award (a grant of Rs.9,30,000/-) for three years.

I remember her, my lovable mother (Late Mrs. C. Kasthuri) who lived for me till her last minute and sacrificed herself for me and without whom I am not myself. I am highly indebted to my father (Mr. K. Murugesan), my sister (Mrs. M. Kala) and my nephew (Master V. Abilash) for the love they are showering on me and their help towards completing my research work. I am greatly indebted to my husband (Mr. S. Jayachandran) and my son (Master J.P. Shanu) who never disturbed me but understood me the most. I am lucky to have such a family who had confidence in me.
when I doubted myself and brought out the good ideas in me. who made my research work and thesis a wonderful piece.

Just as important are those who have impacted me outside of my research laboratory and research group. Dr. N. Vijayan of National Physics Laboratory, New Delhi and Mr. P. Guruswamy of Regional Research Laboratory (CSIR), Thiruvananthapuram have provided me immense help, inspiration and faith that the work is completed in a good manner.

Many other people have had an impact upon me during my time of studying for doctorate. Most importantly my dear friends Miss. M. Meena and Mr. R.S.S. Saravanan have constantly prodded me to work hard. I have an immeasurable amount of gratitude towards them.

I would like to extend my heartfelt thanks to Dr. V. Umayorubhagan. Reader in Chemistry of S.T. Hindu College, Dr. T.H. Freeda and Dr. S. Perumal, Readers in Physics of S.T. Hindu College, Dr. K. Jayakumari, Reader in Physics of Sree Ayyappa College for Women, Dr. Thresiamma Chacko, Reader in Physics of Holy Cross College, Dr. G. Selvarajan, Reader in Physics of Sivanthi Adithanar College and the Ph.D. Scholars in the Physics Research Centre of S.T. Hindu College, namely, Mrs. G. Janita Christhobel, Mrs. C.M. Padma, Mrs. J.V. Libija, Mrs. N. Manonmani, Mr. V.N. Praveen, Mr. K.U. Madhu, Mr. N. Neelakanda Pillai, Mr. N. Joseph John, Mr. S.M.R. Joseph Ramesh and Mr. C. Gnanasambandam for their support extended towards the successful completion of this research work.
I express my sincere thanks to my Guide’s wife Mrs. Sakunthala Mahadevan and children Mr. M.S. Gajanand and Master M.S. Karthicanand for their generous support and co-operation. I wish to extend my heartfelt thanks to Miss. A. Bharathi for her help in completing the thesis work.

I extend my sincere thanks to all my teachers and friends in the past and present throughout my life. I express my sincere thanks to a number of people who provided me help and assistance in every walk of my life and in my every fall and raise.

Finally, let me express my gratitude to all who have encouraged and supported me in completing the research work and thesis preparation.

M. PRIYA
