CONTENTS

Preface i
List of abbreviations vi
Papers published in National/International Journals vii
Papers presented in National/International Seminars/Symposia viii
Acknowledgment x

CHAPTER 1

Introduction 1
1.1 Carbohydrates 1
1.2 Carbohydrate-protein interactions 7
1.3 Glycosylation 10
1.4 Databases 19
1.5 The basic perspective of this study 28

CHAPTER 2

An Analysis of the Complex Carbohydrate Structure Database 30
2.1 Introduction 30
2.2 Materials and Methods 32
2.3 Results and discussion 34

CHAPTER 3

A Database Analysis of Potential N-Glycosylating Sequences 42
3.1 Introduction 42
3.2 Materials and Methods 43
3.3 Results and discussion 48
CHAPTER 4
A Database Analysis of O-Glycosylation Sites in Proteins

4.1 Introduction 59
4.2 Materials and methods 61
4.3 Results and discussion 65

CHAPTER 5
Hydrophobic Interaction between the Sugar Moieties of Carbohydrates and Amino Acids in Glycoproteins and Glycan-binding Proteins

5.1 Introduction 78
5.2 Materials and methods 80
5.3 Results and discussion 83

Conclusions 89
References 94
