

ACKNOWLEDGEMENT

I wish to express my deep sense of gratitude to my supervisor, Dr. P.K. Palanisamy, Assistant Professor of Physics, Anna University, Chennai for his able guidance, valuable advice and constant encouragement during the period of my research work.

I deem it a privilege to extend my sincere thanks to Prof. R.S. Sirohi of Applied Optics Laboratory, Department of Physics, Indian Institute of Technology, Madras for nurturing my research interest and shaping me as a research student. His inspiring guidance, constructive criticism and valuable suggestions are unparalleled, without which this study would not have been possible. I shall always remain indebted to him and dedicate this work to my mentor Prof. R.S. Sirohi.

I thank Dr. R. Asokamani, Professor and Head, and Dr. G.N.S. Prasad, Professor, Department of Physics, Anna University for all their help and support during the period of research.

I wish to thank all the teachers, relatives and friends who have helped at various stages of this research. I am specially grateful to my wife Ms. P. Mythili for her constant moral support and selfless sacrifice for which I shall always remain indebted.

T. Santhanakrishnan
