

## ACKNOWLEDGEMENTS

I would like to express my sincere thanks to my guide **Dr.S.RAMACHANDRAN**, Director, Institute for Ocean Management, Anna University, for suggesting the research problem and valuable guidance to widen my research ideas throughout the period of this research study.

I would like to express my sincere thanks to my Doctoral committee members, **Dr. K. Venkataraman**, Scientist-in-charge, Zoological survey of India, Chennai and **Dr. T. Subramonium**, Professor, Zoology Department, Madras University for their valuable comments, advice and help.

I take this opportunity to express my sincere thanks to **Dr. B. R. Subramanium, Dr. S. Sundaramoorthy, Dr. T. Shanmugaraj, Ms. Tune Usha** of ICMAM Project Directorate, Department of Ocean Development and **Dr. Sathyanarayanan**, Zoological survey of India, Chennai for their valuable advice and constant encouragement.

I also thank Department of Ocean Development for offering the fellowship under Marine Man Power Development Programme.

I am indebted to my colleagues and friends and all other members of Institute for Ocean Management, Anna University, for their moral support and help in the various stages of my research work.

I would like to express my sincere thanks to my family for their support throughout the life. I also thank Lord almighty for the blessings.

**R. Uma Maheswari**
