ACKNOWLEDGEMENTS

It is a great pleasure for me to express my deepest sense of gratitude and indebtedness to my teacher and guide Dr. M. M. Goswami, Professor (Rtd.), Department of Zoology, Gauhati University for his constant guidance and critical comments throughout the work. I am also grateful for his constant encouragement, inspiration, valuable advice and help throughout the period of my research without which this work would have been impossible.

I owe my sincere gratitude and thankfulness to the Head of Department, Zoology, Gauhati University for allowing me to do my research in the department. I am grateful to all the faculty members for their constant support, encouragement throughout the study.

I am greatly indebted to the Coordinator, UGC – SAP (DRS - II) Department of Zoology, Gauhati University for providing me the laboratory facilities for identification of fish species during the period of my research.

It is my great pleasure to acknowledge my gratitude with thanks to the Department of Zoology, Gauhati University for facilitating me to perform the laboratory works in the ‘Fish Biology and Fishery Science Laboratory’ of the department.

Special thanks and sense of gratitude goes to the auction mahaldar, his agents and the fishermen community of the study site who has helped me in various ways and provided me some of the fish catch landing data during the present investigation.
I express my heartfelt thanks to Ms. Sewali Pathak, Assistant Professor, Bijni College, Chirang for her constant help in the laboratory during the identification work of the collected fish species in the present study. My heartfelt thanks also go to Dr. Janardhan Pathak, Assistant Professor, B. Barooah College, Guwahati and Mr. Arup Bura Gohain, Research Scholar, Department of Zoology, Gauhati University for their encouragement and helpfulness throughout the work.

I owe a debt of gratitude to Dr. Pranjit Kumar Sarma, Department of Geology, Mangaldai College, Mangaldai who helped me in constructing the digital map of the study area and also to Mr. B. K. Sarmah, Head of Department, Statistics and Dr. Nityananda Barman, Assistant Professor, Department of Statistics, B. N. College, Dhubri for their valuable help in conducting the statistical analysis concerning the study.

I extend my heartfelt thanks to Mr. Rajib, who helped me a great in printing the thesis.

No less is my sense of gratitude to the Principal and the faculty members of my college for inspiring me during my research work and also all my family members for their cooperation and encouragement throughout the period of my research.

Lastly, I would like to dedicate this thesis to my parents Shahjahan Sheikh, A.J.S. Grade-I (Rtd.) and Sultana Rejia.

Guwahati (SAMUEL SHEIKH)
