I certify that Shri Upender Krishen Koul has put in a period of three years and a half of research under my guidance and investigated thoroughly and satisfactorily the problem "The seasonal histological and cytological changes occurring in the gonads of the oviparous lizard Agama tuberculata Gray and the ovoviviparous lizard Lygosoma species from Kashmir".

His thesis on the topic is forwarded herewith for acceptance for the award of Ph.D. degree in Zoology.

This work has not been submitted for this or any other degree before.
