ACKNOWLEDGEMENT

The authoress expresses her profound and heart felt gratitude to her supervisor Dr.S.Thayumanavan, Professor, Centre for Water Resources, Anna University for his inspiring guidance. She found his many comments and suggestions quite useful and she believes that the end product is much better because of his effort.

The authoress expresses her sincere thanks to Dr.N.V.Pundarikanthan, Emeritus Professor, CWR for his help and advice.

The authoress expresses her deep sense of indebtedness to the Doctoral Committee members, Prof.K.Elango, HOD, Civil Engg. Dept., IIT, Chennai and Prof.M.S.Jagatheesan, Dept. of Geology, University of Madras, for their scholarly advice, valuable guidance and inspiration.

The authoress gratefully acknowledges the DAAD, Bonn, Federal Republic of Germany and the University Grants Commission, New Delhi, India for their financial assistance under the Indo-German Academic Exchange Programme to do part of her research work in the Dept. of Environmental Physics, University of Heidelberg, FRG, under the guidance of Prof.Wolfgang Kinzelbach. The authoress also expresses her gratitude to Prof.Wolfgang Kinzelbach for his valuable guidance and suggestions in the area of groundwater pollution modelling during her stay at FRG.

She appreciates the benefits derived from the discussions on her research work with Prof.K.V.Krishnasamy, Prof.K.Venugopal, Mr.T.R.Neelakantan, CWR, Anna University; Prof.A.Balasubramanian, University of Mysore; Mr.B.Nagarajan, PWD, Chennai; Dr.Sundaramurthy, CMWSSB, Chennai; Prof.H.Jirka, Institute for Hydromechanics, University of Karlsruhe, FRG; Mr.Harald Kunstmann, Mr.Sascha Oswald and Mr.Dirk
Schafer, Research Scholars, Dept. of Environmental Physics, University of Heidelberg, FRG.

Special thanks to Prof. M. Karmegam, Director and other professors, CWR, Anna University for their constant encouragement. The authoress wishes to express her thanks to all the staff of the CWR, who have helped her in one way or other.

The authoress offers special thanks to her friends Dr. C. Santhi, Mr. P. T. Umashankar, Mrs. R. Krishanveni, Mr. G. Ravi Kumar, Dr. A. P. Rajan, Mr. R. Balamurugan, Mrs. Geetha and others for their cooperation during her research.

The authoress thanks the PWD, CMWSSB, Chennai for having made available to her the data of the Minjur-Mouthambedu Aquifer system. During this research, the authoress received financial assistance from the Council of Scientific and Industrial Research, New Delhi and she expresses her thanks for it.

Finally the authoress wishes to put on record her deep appreciation for the way in which her husband K. Ganesan, son G. Murugan and daughter G. Rukmani responded in foregoing many hours which rightfully were theirs. The authoress appreciates the cooperation rendered by her parents and other family members.

Mrs. MADHAVI GANESAN
