Y. Bhavani Kumar, Y. Indigenously developed Micro pulse lidar measurements of atmospheric boundary layer over a tropical rural station Gadanki (13.5°N, 79.2°E), *Vatavartha*, 32, 1, 2008

Y. Bhavani Kumar, P.V. Prasanth, D. N. Rao, M.S. Murthy and M. Krishnaiah, The first lidar observations of the night time sodium layer at low latitudes Gadanki (13.5°N, 79.2°E), India, *Earth Planet and Space* 59, 601-611, 2007

**Monograph**

**Referred Proceedings**

Bhavani Kumar, Y., A portable lidar system for atmospheric aerosol and cloud studies, *Proceedings of SPIE*, The International Society for Optical Engineering, 6409, 640910, 2006b. DOI: 10.1117/12.693489

Kulkarni, P., Y. Bhavani Kumar, P. Vishnu, D. N. Rao, Krishniah, M., Cirrus observations using ground-based LIDAR and Terra MODIS instrument, *Proceedings of SPIE*, the International Society for Optical Engineering, 2006. DOI: 10.1117/12.697529

Murty, V.S., K. Ugendar, Y. Bhavani Kumar, D.N.Rao, Diurnal variation of boundary layer using different methods, *Proceedings of SPIE*, the International Society for Optical Engineering, 2006. DOI: 10.1117/12.693888
