Acknowledgements

I deem it a great pleasure to express my deep sense of gratitude and indebtedness to my erudite and revered research supervisor Associate Prof. Dr. D. Umamaheswara Reddy for his able guidance, incisive but constructive criticism, enlightening discussions throughout the progress of my research work. Ecomiums of any length would not suffice for his unstinted support and encouragement. But for his patience, perseverance, compassion and commiseration, this work would not have been in the present form.

I express my sincere and heartfelt thanks to Prof. B. Jaya Raj, Head, and Prof. Dr. K. Rama Krishna Prasad Department of Mathematics, School of Mathematical and Physical sciences, S.V. University for providing the necessary support and facilities at the department for convenient completion of the work.

I am immensely benefited by the academic interaction with other faculty members: Prof. I. Chandra Mohan (Rtd), Prof. Sunderamurty Prof. S. Venkata Ramana. Prof. N. Bhaskar Reddy, Prof. S. Ramakrishna, Prof. S. Sreenath, Prof. S. Vijay Kumar Varma, Sri K. M. Bhanu. I profusely thank them all.

I am always grateful to the important personalities Prof. Dr. P. Gopal Reddy, Director, Narayana Engineering College, Nellore, who turned my thoughts towards the applications in Mathematics from pure mathematics, and Prof. Dr. B. Raghuprasada Rao, Dept. of mathematics, who encourages me every day to complete this work successfully by giving valuable suggestions about the general research thoughts, which help me to think in right way and rekindling my interest in research by stimulating discussions. I never forget their moral support and perpetual encouragement till my last breathe in my life.
I am thankful to the Prof. Dr. B. Dattatreya Sarma, Principal, Narayana Engineering College, Nellore, who gave me encouragement during the last stage of my research work.

I avail myself of this opportunity to record my profound thanks and deep admiration to Prof. L.Nagamuni Reddy, Ex-Rector, S.V.University,Tirupati for his moral support and perpetual encouragement during my post graduate studies. He inspired, enthuse and fostered a creative approach in me towards the subject that finally initiated me into the realm of research.

My sincere thanks are due to Prof. J. Hanumantachari, Rtd. Principal, and Prof. P.Balasiddamuni, Dept. of statistics, S.V.University, Tirupati for their valuable suggestions throughout the course of my research work.

I don't know exactly which word is to be assigned to the kind and generous behavior of N. Murali Mohan, who helped me by providing literature even without my request and showed me much affection, during the period when we were resided together in Nellore.

I am very much obliged to all my family members for their affectionate support, without which the present work would not have been possible.

I would be failing in my duty if do not wholeheartedly thank and appreciate the efforts and company of my fellow research scholars and also best friends Mr.B.V.Reddy Dr. N.Konda Reddy, P.Vasu and Staff Dept. of Mathematics, Narayana Engineering College, Nellore, who provided a congenial and enlivening environment. My thanks are also due to friends and others who suffused me with sprightly moods at all times and making my stay on the campus quite pleasurable and memorable.

Tirupati
