THANKS

- are due to my beloved teacher and research supervisor Dr. G. Rajarami Reddy, Reader in Zoology, S.V. University, Tirupati whose benevolence and sincere efforts made it possible in crystalizing and bringing out this research work.

- to my dear most family sphere - my parents Subramanyam, Nagamma, sisters Gnanai Titus, Mary Mathews, Santhi Subba Rao, Sailaja and brothers Geetha Krupanandam and Sadanand - for their steadfast love and care.

- to my dearest labmates Dr. Sekhar, Rajendra Singh, Madhusudhana, Sreenivasulu, Sudhakar Reddy, Riyaz Basha and Sardar, who affectionately helped me throughout my long-drawn efforts.

- to my dear friends Sridhar, Ramamurthy, Basheer, Chengaiah, Krishnamurthy, Elia Raju and Abednago who timely strengthened and affectionately supported me.

- to the Head of the Dept. of Zoology, S.V. University, Tirupati for providing necessary laboratory facilities.

- to Prof. K. Saira Babu, Prof. K. V. Ramana Rao, Dr. Rajeswara Rao, Prof. S. Govindappa and Prof. P. Murali Mohan for their valuable suggestions and encouragement at various stages of this investigation.
- to my fellow researchers Dr. Ravi Kumar, Dr. Sivaram Prasad, Jacobdas, Jayaprada, Vanaja, T.A.V. Prasad, T. Srinivas, Dr. A. I. V. Reddy, Ramana Rao and Venkat Reddy for lending their hands in all spheres of my research work.

- to my teachers Dr. Sudharsanamma and (Late) Subba Rao for their academic inspiration and initiation.

- to K. V. Reddy and Mrs. Nirmalananda, CIL, University of Hyderabad, Hyderabad for their help with scanning electron microscopy.

- to UGC and CSIR, New Delhi for the financial support during the period of investigation.

- lastly to my two special girls - my pretty girl Shalini, my love and fiancee Rajani.
