First of all, I would like to give my sincere thanks to my honorific supervisor and guide, Dr. B. R. Sankapal who accepted me as his Ph.D. student without any hesitation when I presented him my research proposal. Thereafter, he offered me so much advice, patiently supervising me, and always guiding me in the right direction. I have learned a lot from him, without his help I could not have finished my dissertation successfully.

Similar, profound gratitude goes to Co-Guide, Dr. R. B. Gore, who has supported me throughout my thesis with his patience and knowledge whilst allowing me the room to work in my own way.

Special thanks goes to Prof. Sudhir Meshram, Vice-Chancellor, Prof. A. M. Mahajan, Registrar, Prof. B. V. Pawar, Dean, Science Faculty, Prof. S. T. Bendre, Director, Department of Physics, Prof. J. V. Sali, Head, Department of physics, Prof. R. S. Patil, Chairman, (BOS), Prof. P. P. Patil, Dr. S. S. Ghosh, Dr. P. G. Chavan, Dr. V. P. Shinde, and Dr. R. D. Ladhe, North Maharashtra University, Jalgaon, for the academic support and the facilities provided to carry out the research work at the Institute. Without their motivation and encouragement, I would not have a career in research. Faculty members of the department have been very kind enough to extend their help at various phases of this research, whenever I approached them, and I do hereby acknowledge all of them.

My special thanks go to Prof. C. D. Lokhande, Shivaji University, Kolhapur, Dr. D. P. Dubal, Dr. Rahul Salunkhe, and Dr. H. Ahn from Hanyang University, South Korea for their support in characterization of my samples throughout my research. I am grateful to Gopal Warke, Nilima Bonde, Anita Zope for helping me in glass fabrication and my research colleagues, Swapnil Karade, Shrikant Raut, Dr. Prashant Baviskar, Dr. Dipak Salunkhe, Mr. Faisal Almuntaqer, Mrs. Pratibha Nikam, Mrs. Savita Patil, Mr. Deepak Marathe, Hemant Tarkas, Mrunal Mahajan, Girish and all other research scholars of the Physics Department for their constant support and co-operation during my research work.
I owe a debt of deep gratitude to Shri. Nandkumar Bendale, President and all incumbents of Khandesh College Education Society, Jalgaon and well-wishers Principal A. G. Rao, Dr. Uday Kulkarni for their constant encouragement.

I wish to express my deep sense of appreciation towards Mrs. Sunita Sankapal Madam for her goodwill and homely behaviour at every moment of my Ph. D. study. I am very grateful for my mother Smt. Sulochana. Her understanding and her love encouraged me to work hard and to continue pursuing a Ph.D. Her firm and kind-hearted personality has affected me to be steadfast and never bend to difficulty. She always lets me know that she is proud of me, which motivates me to work harder and do my best.

I cannot conclude these acknowledgments without expressing my warmest thanks to all my Colleagues Mr. S. D. Mahajan, Dr. O. H. Mahajan, Mr. M. N. Lidhure, Mr. A. J. Chaudhari, Mr. S. S. Tongaonkar, Dr. K. B. Mahajan, Mr. V. R. Khadse, Mr. R. R. Attarde, Mr. K. S. Bonde, Mrs. Kavita Patil, Miss. Leena Patil, Miss. Jayashri Patil, Mrs. Archana Zambare, A.C. Pandav, Prakash Chaudhari, Nandu Nehate and other teaching and non-teaching staff members of Moolji Jaitha College, Jalgaon, who gave me moral support and inspiration.

I am very thankful to DST-SERB, Govt. of India, through sanctioned project (Do. No: SB/S2/CMP/032/2013, dated 20/12/2013) to use of potentiostat/galvanostat.

Last but not least, I am greatly indebted to my devoted wife Jayashree, daughter Himali, son Ritesh, Nephew Sitanshu, Bhushan, and Niece Saylee. They form the backbone and origin of my happiness. Their love and support without any complaint or regret has enabled me to complete this Ph.D. degree. I would remember my father-in-law Shri. Shrikrishna Patil, sister Shobha, Asha and Preeti, brother-in-law Murlidhar, Vasant and Hitendra for their goodwill.

HEMANT GAJARE
