ACKNOWLEDGEMENTS

I think if anyone honestly reflects on who we are, how we got there, what we think we might do well, and so forth, we discover a debt to others. This page is specifically designed to note my appreciation of those people who stand out most notably in my mind as to contributing towards my thesis.

First of all by the name of Allah, I wish to express my deep sense of gratitude to Dr. Mrs. S.A. Peshwe, Associate Professor in Microbiology, Government Institute of Science, for providing me the opportunity to pursue this degree her valuable guidance, patience, trust, and contribution to this work. I would also like to thank for her devotion and encouragement throughout this research.

I also express my sincere thanks to Dr. A.G. Ingale, Associate Professor, Department of Biotechnology, School of Life Sciences, North Maharashtra University, Jalgaon for giving the consent to Co-guide for the research work. His guidance was immensely valuable in the completion of this work.

I am grateful to Dr. R.R. Deshpande, Director, Govt. Institute of Science, Aurangabad for his kind gesture and permitting me to complete this work at this Institute. I am thankful to UGC-New Delhi for providing financial support to my research work through Maulana Azad National Fellowship.
